**YOUR VOTE IS IMPORTANT. PLEASE
VOTE TODAY.**

November 15, 2024

To the Shareholders of Benz Mining Corp. ("**Shareholders**"),

You are cordially invited to attend the Annual General and Special Meeting (the "**Meeting**") of the Shareholders of Benz Mining Corp. ("**Benz**" or the "**Company**") to be held at Suite 23, 513 Hay Street, Subiaco WA 6008, Australia, on Tuesday, December 17, 2024 at the hour of 10:00 a.m. (Perth, Western Australia time).

At the Meeting you will be asked to consider and vote on a proposed transaction whereby the Company will acquire from Spartan Resources Limited (ASX: SPR) ("**Spartan**"), indirectly through the acquisition of Spartan's wholly-owned subsidiaries Gascoyne Resources (WA) Pty Ltd (ACN 139 823 822) ("**Gascoyne**") and Egerton Exploration Pty Ltd (ACN 163 614 551) ("**Egerton**"), and together with Gascoyne, the "**Acquired Companies**", a 100% interest in each of the Glenburgh Project and Mt. Egerton Project (the "**Acquired Projects**"), located in the Gascoyne and Murchison districts of Western Australia, respectively. The purchase and sale of the Acquired Companies (the "**Transaction**") is to be completed pursuant to a share purchase agreement between Benz and Spartan dated November 4, 2024 (the "**Purchase Agreement**").

While the acquisition of the Acquired Companies itself does not require approval of Shareholders under applicable securities or corporate law, the policies of the TSX Venture Exchange ("**TSX-V**") provide that Shareholder approval is required for any transaction which would result in the creation of a new "Control Person" (as such term is defined by policies of the TSX-V). If the Transaction is completed, Spartan will own approximately 15% of the Company on an undiluted basis upon completion of the Transaction. However, under the terms and conditions of the Purchase Agreement, if certain milestones (the "**Milestone Consideration Conditions**") are met post-completion of the Transaction, then Spartan is entitled to receive certain additional consideration (the "**Milestone Consideration Amount**"). The Company may elect (in its discretion) to provide Spartan the Milestone Consideration Amount in the form of cash and / or additional common shares of the Company ("**Common Shares**") at the time the Milestone Consideration Amount becomes payable under the Purchase Agreement (the "**Milestone Consideration Shares**"). If the Company elects, under the Purchase Agreement, to issue Milestone Consideration Shares in satisfaction of any Milestone Consideration Amount, this may result in Spartan becoming a "Control Person". Accordingly, Shareholders are being asked to consider and vote upon the Transaction and the creation of a new "Control Person" of Benz.

Pursuant to the rules of the TSX-V, the Transaction must be approved by an ordinary resolution passed by a simple majority of Shareholders at the Meeting. In addition to the approval of Shareholders, completion of the Transaction is subject to the receipt of required regulatory approvals, including final approval of the TSX-V, and other customary closing conditions, all of which are described in more detail in the accompanying management information circular (the "**Information Circular**").

Transaction Details

Pursuant to the Purchase Agreement, the Company has agreed to acquire all of the outstanding common shares of the Acquired Companies, which hold a 100% interest in the Acquired Projects, in exchange for: (i) A\$1 million cash payable to Spartan, with A\$500,000 payable upon completion of the Transaction ("**Completion**") and the remaining A\$500,000 payable to Spartan on the date that is 12 months after Completion; (ii) the issuance to Spartan of 33,000,000 Common Shares (in the form of CHES Depository Interest ("**CDIs**") upon completion of the Transaction, at a deemed issue price of the higher of the 20-day VWAP of the Company's shares and A\$0.088 per share; and (iii) subject to

the satisfaction of the Milestone Consideration Conditions, the payment of the applicable Milestone Consideration Amount, up to an aggregate of A\$6,000,000, in cash or Milestone Consideration Shares in accordance with the Purchase Agreement. Upon Completion of the Transaction, Spartan will own approximately 15% of the Company on an undiluted basis.

Pursuant to the Purchase Agreement, Spartan shall, among other things, have the right to appoint one nominee to the Company's board of directors (the "**Board**") from Completion, so long as Spartan and its related bodies corporate hold in aggregate greater than 10% of the Company's outstanding Common Shares (on an undiluted basis). If Spartan's holding falls below this threshold, or there is a change of control of Spartan, Spartan must procure that its appointed director resign from the Board. Spartan also has a participation right in future Benz equity raisings, and expects to nominate Mr. Nicholas Jolly as its nominee director from Completion.

Board Recommendation

The Board has reviewed the terms and conditions of the Purchase Agreement and the transactions contemplated thereunder. After careful consideration of, among other things, the advice of legal and financial advisors and such other matters as it considered relevant, the Board has unanimously concluded that the Transaction is in the best interests of Benz and has approved the Transaction and authorized this submission for approval to the Shareholders at the Meeting. Accordingly, the Board unanimously recommends that the Shareholders vote **FOR** the Transaction.

The accompanying Notice of Meeting and Information Circular contain a detailed description of the Transaction and include certain other information to assist you in considering the matters to be voted upon. You are urged to carefully consider all of the information in the accompanying Information Circular. If you require assistance, you should consult your financial, legal, or other professional advisor. Your vote is important regardless of the number of Common Shares that you own.

We strongly encourage Shareholders to vote in advance of the Meeting by completing the enclosed form of proxy, or appointing an alternate proxyholder to attend the Meeting in person. You should specify your choice by marking the box on the enclosed form of proxy and by dating, signing and returning your proxy in the enclosed return envelope addressed to Computershare Investor Services Inc. Sincerely,

“Evan Cranston”

Chairman of the Board

Notice to Shareholders in the United States

The solicitation of proxies involves securities of an issuer located in Canada and is being effected in accordance with the laws of the Province of British Columbia, Canada, and the applicable securities laws of certain provinces of Canada. The proxy solicitation rules of the United States are not applicable to the Company or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements under the securities laws of the provinces of Canada and the securities laws of Australia. Shareholders in the United States should be aware that disclosure requirements under the securities laws of the provinces of Canada and the securities laws of Australia differ from the disclosure requirements under United States securities laws. The enforcement by Shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Company is incorporated under the *Business Corporations Act* (British Columbia), certain of its directors and its executive officers are residents of Canada and Australia, and its assets and the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgement by a United States court.

Geological and other technical information concerning the properties and operations of the Company, Spartan, Gascoyne and Egerton has been prepared in accordance with the requirements of securities laws in effect in Canada and Australia, which differ from the requirements of United States securities laws. Mineral reserve and mineral resource estimates included or incorporated by reference in this Information Circular have been prepared in accordance with NI 43-101 and the Canadian Institute of Mining, Metallurgy and Petroleum definitions and classification system. NI 43-101 is a rule developed by the Canadian Securities Administrators which establishes standards for all public disclosure an issuer makes of scientific and technical information concerning mineral projects.

Canadian standards, including NI 43-101, differ significantly from the requirements of the SEC (as defined below), and mineral reserve and mineral resource information contained or incorporated by reference in this Information Circular may not be comparable to similar information disclosed by United States companies under SEC standards. In particular, and without limiting the generality of the foregoing, the term "resource" does not equate to the term "reserve". Under heretofore-applicable United States standards, mineralization may not be classified as a "reserve" unless the determination has been made that the mineralization could be economically and legally produced or extracted at the time the reserve determination is made. The SEC's disclosure standards normally do not permit the inclusion of information concerning "measured mineral resources", "indicated mineral resources" or "inferred mineral resources" or other descriptions of the amount of mineralization in mineral deposits that do not constitute "reserves" by United States standards in documents filed with the SEC. United States investors should also understand that "inferred mineral resources" have a great amount of uncertainty as to their existence and as to their economic and legal feasibility. It cannot be assumed that all or any part of an "inferred mineral resource" will ever be upgraded to a higher category. Under Canadian rules, estimates of "inferred mineral resources" may not form the basis of feasibility or pre-feasibility studies except in rare cases. Disclosure of "contained ounces" in a mineral resource estimate is permitted disclosure under NI 43-101 provided that the grade or quality and the quantity of each category is stated; however, the SEC normally only permits issuers to report mineralization that does not constitute "reserves" by SEC standards as in place tonnage and grade without reference to unit measures. The requirements of NI 43-101 for identification of "reserves" are also not the same as those of the SEC, and reserves reported in compliance with NI 43-101 may not qualify as "reserves" under SEC standards. Recently-adopted U.S. disclosure standards are intended to more closely align with Canadian standards, however differences still exist between in the definitions used under U.S. disclosure standards and Canadian disclosure standards. Accordingly, information contained in this Information Circular and the documents incorporated by reference in this Information Circular containing descriptions of mineral deposits may not be comparable to similar information made public by U.S. companies subject to past, current or future reporting and disclosure requirements under the U.S. federal securities laws and the rules and regulations thereunder.

National Instrument 43-101

Dr Abzalov has reviewed and approved the technical information in this Information Circular. Dr Abzalov holds 859,500 Common Shares of Benz, which represents less than 1% of the issued and outstanding Common Shares, and is not a director, officer or employee of Benz.

1 SUMMARY

The following is a summary of certain information contained in this Information Circular. Capitalized terms used in this summary have the meanings set forth under the heading “Glossary” above. This summary is not intended to be complete and is qualified in its entirety by the more detailed information and financial statements, including the notes thereto, contained elsewhere in this Information Circular and the attached schedules. Shareholders should read the entire Information Circular, including the schedules.

The Meeting

The Meeting will be held at Suite 23, 513 Hay Street, Subiaco WA 6008, Australia, on Tuesday, December 17, 2024 at the hour of 10:00 a.m. (Perth, Western Australia time) and at any adjournments of the Meeting, for the purposes set forth in the Notice of Meeting. At the Meeting, Shareholders will be asked to consider and, if thought advisable, to pass, with or without variation, the Transaction Resolution, the full text of which is set forth in Schedule “A” to this Information Circular. See “General Information” above and “Particulars of Matters to be Acted Upon” below.

In order to complete the Transaction, the Transaction Resolution must be approved by an ordinary resolution in accordance with the requirements of the TSX-V.

The Record Date

Benz has fixed the close of business on November 12, 2024 as the Record Date, being the date for the determination of the Shareholders entitled to receive notice of, and vote at, the Meeting.

The Company

Benz Mining Corp. (TSXV:BZ, ASX:BNZ) is a mineral resource exploration company dual-listed on the TSX-V and ASX. The company owns the Eastmain Gold Project in Quebec, which holds a significant mineral resource estimate.

Gascoyne and Egerton

Gascoyne and Egerton are both wholly-owned subsidiaries of Spartan and each hold a 100% interest in the Glenburgh Project and the Mt. Egerton Project, respectively. The Glenburgh Project is located in the Gascoyne District of Western Australia, and the Mt. Egerton Project is located in the Murchison District of Western Australia.

For further information regarding the Glenburgh Project see the Glenburgh – Mt. Egerton Project Report, which is available under the Company’s profile on SEDAR+ at www.sedarplus.ca.

Spartan

Spartan is an ASX-listed gold company that has repositioned itself as an advanced exploration company with a rapid pathway back into production at its Dalgarranga Gold Project, located 65km north-west of Mt. Magnet in the Murchison District of Western Australia.

The Transaction, taken as a whole, may result in Spartan becoming a “Control Person” (as such term is defined in the policies of the TSX-V) of the Company, if any Milestone Consideration Amounts become payable under the Purchase Agreement and the Company elects to satisfy such payments by issuing Milestone Consideration Shares.

The Transaction

On November 4, 2024, the Company and Spartan entered into the Purchase Agreement pursuant to which the Company agreed to acquire all of the outstanding common shares of Gascoyne and Egerton, which hold a 100% interest in the Glenburgh Project and the Mt. Egerton Project,

respectively, in exchange for: (i) A\$1 million cash payable to Spartan, with A\$500,000 payable upon Completion and the remaining A\$500,000 payable to Spartan on the date that is 12 months after Completion; (ii) the issuance to Spartan of 33,000,000 Common Shares (in the form of CDIs) upon completion of the Transaction, at a deemed issue price of the higher of the 20-day VWAP of the CDIs on the ASX and A\$0.088 per share; and (iii) subject to the satisfaction of the Milestone Consideration Conditions, the payment of the applicable Milestone Consideration Amount, up to an aggregate of A\$6,000,000, in cash or Milestone Consideration Shares in accordance with the Purchase Agreement. Upon Completion of the Transaction, Spartan will own approximately 15% of the Company on an outstanding basis.

At Completion of the Transaction, pursuant to the Purchase Agreement, for so long as Spartan and its related bodies corporate hold in aggregate greater than 10% of the Common Shares outstanding (on an undiluted basis), Spartan shall have the right to appoint one nominee to the Board and Spartan has a participation right in future Benz equity raisings. If Spartan's holding falls below this threshold, or there is a change of control of Spartan, Spartan must procure that its appointed director resign from the Board. Spartan expects to nominate Mr. Nicholas Jolly, Spartan's General Manager, as its nominee director from Completion.

Benz Shareholder Approval

While the Transaction itself does not require the approval of Shareholders under applicable securities or corporate laws, TSX-V Policy 5.3 provides that shareholder approval is required for any acquisition which results in the creation of a new "Control Person". A "Control Person" (as such term is defined in the policies of the TSX-V) is any person that holds (either individually or as a combination of persons) a sufficient number of securities of an issuer to affect materially the control of that issuer or holds more than 20% of the outstanding voting shares of an issuer except where there is evidence showing that those voting securities do not materially affect the control of the issuer. TSX-V policies also generally require that in the case of a transaction that will result in the creation of a new Control Person, the related information circular for such shareholder approval include sufficient details to permit shareholders to form a reasoned judgement concerning the transaction. The TSX-V has enacted such policies given the relatively large measure of influence or control that a "Control Person" could have on the management and direction of an issuer.

In this case, if the Transaction is completed, Spartan will hold approximately 15% of the issued and outstanding Common Shares (on a pro-forma undiluted basis) upon Completion of the Transaction. If after the Transaction is completed and under the terms and conditions of the Purchase Agreement (i) one or multiple Milestone Consideration Conditions are satisfied and a Milestone Consideration Amount becomes payable to Spartan, and (ii) the Company elects, in accordance with the Purchase Agreement, to pay any part of the Milestone Consideration Amount by issuing Milestone Consideration Shares (as such terms are defined in the Purchase Agreement), the issuance of such Milestone Consideration Shares to Spartan may result in Spartan becoming a "Control Person" of Benz under the policies of the TSX-V. Accordingly, Shareholders are being asked to consider and vote upon the Transaction Resolution at the Meeting.

Accordingly, at the Meeting, Shareholders will be asked to approve the Transaction Resolution, the full text of which is set forth in Schedule "A" to this Information Circular. In order for the Transaction to be completed, the Transaction Resolution must be approved by at least a simple majority of the votes cast by Shareholders present in person or represented by proxy at the Meeting. If the requisite Shareholder Approval in respect of the Transaction Resolution is not obtained at the Meeting, the Transaction, as described herein, will not be completed.

Effect of the Transaction on the Company

On completion of the Transaction, Benz will indirectly hold, through the acquisition of the Acquired Companies, a 100% interest in the Acquired Projects, located in the Gascoyne and Murchison regions of Western Australia.

Recommendation of the Board

After careful consideration the Board unanimously determined that the Transaction, to be effected pursuant to the Purchase Agreement, is in the best interests of the Company. Accordingly, the Board has unanimously approved the Transaction and unanimously recommends that the Shareholders vote **FOR** the Transaction Resolution

Reasons for the Recommendations of the Board

In making its recommendations the Board consulted with management as well as legal, financial and technical advisors and also reviewed a significant amount of financial and technical information relating to the Acquired Companies and the Acquired Projects. The following disclosure includes forward-looking information that are based on certain assumption and subject to various risks. Readers are cautioned that actual results may vary. See “*Cautionary Note Regarding Forward-Looking Statements*” above and “*Risk Factors*” below.

In making its determinations and recommendations, the Board considered and relied upon a number of substantive factors, including, among others:

- ∞ *Strategic Combination of Projects*: The Transaction transforms Benz into a multi-jurisdictional gold focused company, aligned with the Company’s strategy of growing and developing gold assets in top-tier mining regions. The addition of the Acquired Projects is a strategic decision to expand Benz’s growth opportunities in a market environment where gold prices are reaching all-time highs.
- ∞ *Project Synergies*: The consolidation of the Acquired Projects would allow for numerous potential co-development opportunities with capital and operating synergies.
- ∞ *High Potential Assets*: Benz will be able to apply proven advanced geoscientific techniques to seek to unlock the high-grade gold potential at the Acquired Projects. The Acquired Projects met the Company’s strict acquisition filters including:
 - tier 1 jurisdiction, with good infrastructure accessibility to the Acquired Projects;
 - high-grade component; and
 - significant resource upside potential.
- ∞ *Strategic Alignment with Spartan Resources*: With Spartan holding 15% Common Shares in the Company upon Completion, Spartan’s interests are closely aligned with Benz, enhancing collaboration and mutual benefit. Having Spartan as a strategic cornerstone investor with aligned interests will assist the Company to extract value from the Acquired Projects.
- ∞ *Allow for Year Round Exploration and Provides Strategic Jurisdictional Diversification*: By having strategic assets in both Western Australia and Québec, two of the most sought-after gold regions globally, Benz strengthens its portfolio and minimizes geopolitical risk whilst also allowing for simplified year-round exploration.
- ∞ *Prospective Land Package*: Benz management considers the Acquired Projects to be a highly prospective land package, with a potential to further add value through additional exploration at the Glenburgh Project, as it is a substantial 768 km² land package situated 250 km east of Carnarvon, Western Australia.
- ∞ *Experienced Team*: Spartan has an established and highly experienced management team, and will have representation on the Board going forward. It is expected that Spartan will nominate Mr. Nicholas Jolly, bringing years of valuable corporate finance and geological experience to the Board.
- ∞ *Shareholder and TSX-V Approvals*: The Board has considered the fact that the Transaction Resolution must be approved by the Shareholders at the Meeting by a simple majority of votes

cast at the Meeting by or on behalf of the Shareholders in accordance with the requirements of the TSX-V, and the Transaction must be approved by the TSX-V.

The Board also considered a number of factors and risks resulting from the Transaction including:

- ∞ As a result of the issuance of the Consideration Shares pursuant to the Transaction, Spartan is expected to hold approximately 15% of the aggregate outstanding Common Shares. As a result, if the Transaction is completed, Shareholders will experience a degree of dilution in their ownership of the Company. Upon completion of the Transaction, and based on the number of Common Shares outstanding as of November 15, 2024, public Shareholders (meaning Shareholders other than Spartan) are expected to own approximately 85% of the issued and outstanding Common Shares of the Company after completion of the Transaction.
- ∞ The issuance of a significant number of Common Shares pursuant to the Transaction and related transactions could adversely impact the market price of the Common Shares. In addition, although the Consideration Shares and the Milestone Consideration Shares (if any are issued) will be subject to resale restrictions under Canadian securities laws, the expiry of the resale restrictions may result in sales of a significant number of Common Shares, which could negatively impact the trading price of the Common Shares.
- ∞ The risks to the parties if the Transaction is not completed, including the costs in resources and management attention in pursuing the Transaction and the restrictions on the conduct of business prior to the completion of the Transaction.
- ∞ The conditions to the completion of the Transaction.
- ∞ The rights of either party to terminate the Purchase Agreement under certain limited circumstances.
- ∞ The potential risk of not obtaining certain consents from third parties required to complete the Transaction, including from Shareholders, the TSX-V, or any other third party whose consent is required.

The foregoing summary of the information and factors considered by the Board is not intended to be exhaustive, but includes select material information and factors considered in their respective consideration of the Transaction.

Regulatory Matters

The Common Shares are listed on the TSX-V under the symbol "BZ" and the ASX under the symbol "BNZ". In addition to the Shareholder Approval the Company will apply to the TSX-V and the ASX to list the Common Shares issuable to Spartan under the Transaction. It is a condition to Completion that:

- ∞ all required regulatory approvals, including the requisite TSX-V Conditional Approval in respect of the Transaction and Private Placement shall have been obtained and that Benz will have the approval of the TSX-V to list the Common Shares to be issued, pursuant to the customary listing conditions of the TSX-V; and
- ∞ the Company obtain confirmation from ASX that ASX Listing Rule 11.1.3 does not apply to the Transaction.

The Company received the above ASX confirmation on October 28, 2024.

The Company has received TSX-V Conditional Approval, which is subject to a number of conditions including evidence of Shareholder Approval of the Transaction Resolution.

Shareholders should be aware that the final approvals have not yet been given by the TSX-V. Benz cannot provide any assurances that such approvals will be obtained.

2 INFORMATION CIRCULAR SOLICITATION OF PROXIES BY MANAGEMENT

This management information circular (the “Information Circular”) is furnished in connection with the solicitation of proxies by or on behalf of the management of Benz Mining Corp. (the “Company”) for use at the annual general and special meeting (the “Meeting”) of the shareholders of the Company (the “Shareholders”) to be held at the Suite 23, 513 Hay Street, Subiaco WA 6008, Australia on Tuesday, December 17, 2024, at 10:00 a.m. (Perth, Western Australia time) and at any adjournments thereof for the purposes set out in the accompanying Notice of Meeting.

Although it is expected that the solicitation of proxies will be primarily by mail, proxies may also be solicited personally, electronically or by telephone by directors, officers, employees or consultants of the Company. Arrangements will also be made with clearing agencies, brokerage houses and other financial intermediaries to forward proxy solicitation material to the beneficial owners of Common Shares pursuant to the requirements of NI 54-101.

The Canadian securities regulators have adopted rules under NI 54-101, which permit the use of notice-and-access for proxy solicitation, instead of the traditional physical delivery of material. This process provides the option to post meeting related materials, including management information circulars, as well as annual financial statements, and related management’s discussion and analysis, on a website in addition to SEDAR+. Under notice-and-access, such meeting related materials will be available for viewing for up to one (1) year from the date of posting, and a paper copy of the material can be requested at any time during this period. The Company is not relying on the notice-and-access provisions of NI 54-101 to send proxy related materials to registered Shareholders or Beneficial Holders in connection with the Meeting.

The Company may reimburse Shareholders’ nominees or intermediaries (including brokers or their agents holding shares on behalf of clients) for the cost incurred in obtaining from their principals’ authorization to execute forms of proxy. The cost of any such solicitation will be borne by the Company. Unless otherwise stated, the information contained in this Information Circular is given as at November 15, 2024.

Unless otherwise specified, all references to Common Shares should be read as references to CDIs (as applicable).

3 APPOINTMENT OF PROXYHOLDERS AND COMPLETION AND REVOCATION OF PROXIES

The purpose of a proxy is to designate persons who will vote the proxy on a Shareholder’s behalf in accordance with the instructions given by the Shareholder in the proxy. The persons named in the enclosed proxy (the “Management Designees”) have been selected by the directors of the Company.

A Shareholder has the right to designate a person (who need not be a Shareholder), other than the Management Designees to represent the Shareholder at the Meeting. Such right may be exercised by inserting in the space provided for that purpose on the proxy the name of the person to be designated. Such Shareholder should notify the nominee of the appointment, obtain the nominee’s consent to act as proxyholder and attend the Meeting, and provide instructions on how the Shareholder’s shares are to be voted. The nominee should bring personal identification with them to the Meeting.

To be valid, the proxy must be dated and executed by the Shareholder or an attorney authorized in writing, with proof of such authorization attached (where an attorney executed the proxy). The proxy must then be delivered to the Company’s registrar and transfer agent, Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, or by fax within North America to 1-866-249-7775, and outside North America to (416) 263-9524, at least 48 hours, excluding Saturdays, Sundays and holidays, before the time of the Meeting or any adjournment thereof.

Proxies received after that time may be accepted by the Chairman of the Meeting in the Chairman's discretion, but the Chairman is under no obligation to accept late proxies.

Any registered Shareholder who has returned a proxy may revoke it at any time before it has been exercised. A proxy may be revoked by a registered Shareholder personally attending at the Meeting and voting their shares. A Shareholder may also revoke their proxy in respect of any matter upon which a vote has not already been cast by depositing an instrument in writing, including a proxy bearing a later date executed by the registered Shareholder or by their authorized attorney in writing, or, if the Shareholder is a corporation, under its corporate seal by an officer or attorney thereof duly authorized, either at the office of the Company's registrar and transfer agent at the foregoing address or the registered office of the Company, at Suite 2501, Bentall 5, 550 Burrard Street, Vancouver, BC, V6C 2B5, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof at which the proxy is to be used, or by depositing the instrument in writing with the Chairman of such Meeting, or any adjournment thereof. **Only registered Shareholders have the right to revoke a proxy. Non-registered Shareholders (i.e. Beneficial Holders) who wish to change their vote must, at least seven days before the Meeting, arrange for their respective nominees to revoke the proxy on their behalf.**

4 VOTING OF PROXIES

Voting at the Meeting will be by a show of hands, each registered Shareholder and each proxyholder (representing a registered or unregistered Shareholder) having one vote, unless a poll is required or requested, whereupon each such Shareholder and proxyholder is entitled to one vote for each Common Share held or represented, respectively. Each Shareholder may instruct their proxyholder how to vote their Common Shares by completing the blanks on the proxy. All Common Shares represented at the Meeting by properly executed proxies will be voted or withheld from voting when a poll is required or requested and, where a choice with respect to any matter to be acted upon has been specified in the form of proxy, the Common Shares represented by the proxy will be voted in accordance with such specification. **In the absence of any such specification as to voting on the proxy, the Management Designees, if named as proxyholder, will vote in favour of the matters set out therein.**

The enclosed proxy confers discretionary authority upon the Management Designees, or other person named as proxyholder, with respect to amendments to or variations of matters identified in the Notice of Meeting and any other matters which may properly come before the Meeting. As of the date hereof, the Company is not aware of any amendments to, variations of or other matters which may come before the Meeting. If other matters properly come before the Meeting, then the Management Designees intend to vote in a manner which in their judgment is in the best interests of the Company.

In order to approve a motion proposed at the Meeting, a majority of greater than 50% of the votes cast will be required (an "**ordinary resolution**"), unless the motion requires a "**special resolution**" in which case a majority of 66 2/3% of the votes cast will be required.

5 BENEFICIAL HOLDERS

Only registered Shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most Shareholders of the Company are "**non-registered**" or "**beneficial**" Shareholders because the shares they own are not registered in their names, but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. More particularly, a person is not a registered Shareholder in respect of shares which are held on behalf of that person (the "**Beneficial Holder**") but which are registered either: (a) in the name of an intermediary (an "**Intermediary**") that the Beneficial Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSP's, RRIF's, RESP's and similar plans); or (b) in the name of a clearing agency (such as CDS) of which the Intermediary is a participant. In accordance with the requirements of NI 54-101 of the Canadian Securities Administrators, the Company has

distributed copies of the Notice of Meeting, this Information Circular and the Proxy (collectively, the “**Meeting Materials**”) directly to the clearing agencies and Intermediaries for onward distribution to Beneficial Holders. These securityholder materials are being set to both registered and non-registered owners of the securities. If you are a non-registered owner, and the issuer or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf.

Intermediaries are required to forward the Meeting Materials to Beneficial Holders unless a Beneficial Holder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to Beneficial Holders. Generally, Beneficial Holders who have not waived the right to receive Meeting Materials will either:

- (a) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Beneficial Holder but which is otherwise not completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Beneficial Holder when submitting the proxy. In this case, the Beneficial Holder who wishes to submit a proxy should otherwise properly complete the form of proxy and **deposit it with the Company’s transfer agent as provided above; or**
- (b) more typically, be given a voting instruction form **which is not signed by the Intermediary**, and which, when properly completed and signed by the Beneficial Holder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a “proxy authorization form”) which the Intermediary must follow. Typically, the proxy authorization form will consist of a one-page pre-printed form. Sometimes, instead of the one-page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code and other information. In order for the form of proxy to validly constitute a proxy authorization form, the Beneficial Holder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit Beneficial Holders to direct the voting of the shares which they beneficially own. Should a Beneficial Holder who receives one of the above forms wish to vote at the Meeting in person, the Beneficial Holder should strike out the names of the Management Designees named in the form and insert the Beneficial Holder’s name in the blank space provided. **In either case, Beneficial Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or proxy authorization form is to be delivered.**

6 CDI Holders

Each person who is recorded as the holder of CDIs on November 12, 2024 in the register of holders of CDIs kept by or on behalf of the Company (each such person being a “**Relevant CDI Holder**”) is entitled to instruct CHESS Depository Nominees Pty Limited (“**CDN**”) or its custodian which holds the common shares underlying their CDIs how to vote those shares on the resolutions to be considered at the Meeting. If you are a Relevant CDI Holder and wish to give such voting instructions you must complete and submit the CDI voting instruction form accompanying this Notice of Meeting (“**CDI Voting Instruction Form**”) or lodge your vote online at www.investorvote.com.au using your secure access information contained in the CDI voting instruction form.

For your CDI voting instruction form to be valid, it must be received by Computershare by no later than 5:00 p.m. on December 11, 2024 (Australian Western Standard Time) in order to allow CDN or its custodian which holds the underlying common shares sufficient time to provide voting instructions in respect of the relevant common shares to the Company by the proxy submission deadline of 10:00 a.m. on December 13, 2024 (Perth, Western Australia time) or, if the Meeting is adjourned or

postponed, not later than 48 hours (excluding Saturdays, Sundays and statutory holidays in either the Province of Ontario or the Province of British Columbia) prior to the time set for the adjourned or postponed meeting, and in addition you must be a Relevant CDI Holder.

Please note that holders of CDIs are not registered holders of the common shares to which those CDIs relate, and therefore are not entitled to vote in person at a Meeting in their capacity as a holder of CDIs.

Notice to CDI holders with respect to voting in relation to resolutions electing a director or appointing an auditor

The Company has been granted a waiver by the ASX from ASX Listing Rule 14.2.1 to the extent necessary to permit the Company not to provide in the CDI Voting Instruction Form an option for Relevant CDI Holders to vote against a resolution to elect a director or appoint an auditor, on the following conditions:

the Company complies with relevant Canadian laws as to the content of proxy forms applicable to resolutions for the election of directors and the appointment of an auditor;

the notice given by the Company to Relevant CDI Holders under ASX Settlement Operating Rule 13.8.9 makes it clear that Relevant CDI holders are only able to vote for the resolutions or abstain from voting and the reasons why this is the case;

the terms of the waiver are set out in the management proxy circular provided to all Relevant CDI Holders; and

the waiver from ASX Listing Rule 14.2.1 only applies for so long as the relevant Canadian laws prevent the Company from permitting Shareholders to vote against a resolution to elect a director or appoint an auditor.

Relevant CDI Holders will only be able to direct CDN to vote for or withhold their vote on a resolution to elect a director or appoint an auditor to be considered at the Meeting. Under applicable Canadian securities laws, the form of proxy to be provided to Shareholders must only allow Shareholders to vote in favor of or withhold their vote in respect of a resolution to elect a director or appoint an auditor, but not to vote against it. Canadian securities laws have an alternative legislative scheme for securityholders to contest the reappointment of directors and auditors.

Notice to CDI holders with respect to nominations for the election of Directors

The Company has been granted a waiver by the ASX from ASX Listing Rule 14.3 to the extent necessary to permit the Company to accept nominations for the election of directors in accordance with the Shareholder proposal provisions of sections 188 and 189 of the *BCBCA* on condition that the terms of the waiver are set out in the management proxy circular provided to all Relevant CDI Holders.

7 VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The authorized share structure of the Company consists of an unlimited number of Common Shares without par value and an unlimited number of preferred shares without par value. As at November 12, 2024, the Company had 169,138,794 issued and outstanding Common Shares, each Common Share carrying the right to one vote. The Company has no other classes of voting securities. As announced on November 13, 2024, the Company completed the issue of the Placement Shares under the Private Placement on November 13, 2024 and accordingly there are 187,320,614 issued and outstanding Common Shares as at the date of this Information Circular, however the holders of Placement Shares will not be able to vote such shares at the Meeting as the issuance of Placement Shares occurred after the Record Date.

Only Shareholders of record at the close of business on November 12, 2024, who either personally

attend the Meeting or who have completed and delivered a form of proxy in the manner and subject to the provisions detailed therein, shall be entitled to vote or to have their Common Shares voted at the Meeting.

The presence in person or by proxy of two (2) persons who are, or who represent by proxy, one or more Shareholders who, in the aggregate, hold at least five percent (5%) of the issued Common Shares entitled to be voted at the Meeting, is necessary to convene the Meeting.

V. Re-Approval of the Omnibus Equity Incentive Compensation Plan

On November 10, 2022, the Board approved the omnibus equity incentive compensation plan (the "**Plan**"), which was subsequently approved by Shareholders at the December 14, 2022 annual general and special meeting and re-approved by the Shareholders at the December 8, 2023 annual general and special meeting.

At the Meeting, Shareholders will be asked to consider re-approving the Plan.

As of the Record Date, the Company had 7,005,963 stock options and 1,000,000 Performance Share Units issued and outstanding pursuant to the Plan and no Awards (as defined herein and in the Plan) granted under the Plan.

V.1 The Plan

The purpose of the Plan is:

- (i) to develop a robust compensation policy that broadens the approach available to the Company in order to promote and align its short and long term strategic goals and objectives with performance of directors, officers and employees;
- (ii) to provide the Company with flexibility to prioritize issuance of Common Shares and use of cash when implementing its compensation policy; and
- (iii) to provide a competitive compensation package to attract, motivate and retain talent.

Shareholders will be asked at the Meeting to pass an ordinary resolution re-approving the Plan, and approving the issuance of stock options up to a maximum of ten percent (10%) of the Company's issued and outstanding share capital from time to time and a fixed number of other Awards (as defined in the Plan), other than options, issuable under the Plan up to a maximum of 18,732,061, being ten percent (10%) of the number of issued and outstanding share capital outstanding as of the date of completion of the Private Placement.

The following is a summary of the principal terms of the Plan (capitalized terms used in this summary but not otherwise defined herein have the meaning ascribed to such term in the Plan):

The Plan is administered by the Company's Board.

A Director, Officer, Employee, Management Company Employee or Consultant (as such terms are defined in TSX-V Policy 4.4) that is a recipient of an award granted or issued by the Company is deemed a Plan's participant.

Awards shall not entitle a participant to any shareholder rights (including, without limitation, voting rights, dividend entitlement or rights on liquidation) until such time as underlying Common Shares are issued to such participant; provided, other than an accrual of dividends accepted by the TSX-V. All awards are non-assignable and non-transferable.

If a security-based award expires or otherwise terminates for any reason, the number of Common Shares in respect to that expired or terminated security-based award shall again be available for the purposes of the Plan.

The Plan may be amended or terminated by the Board at any time, but such amendments or termination will not alter the terms or conditions of any security-based awards awarded prior to the date of such amendment or termination but with the participant's consent. Any security-based award outstanding when the plan is amended or terminated will remain in effect until it is exercised or expires or is otherwise terminated in accordance with the provisions of the Plan. Some amendments to the Plan shall require the prior approval of the Company's Shareholders, as per section 12.1 of the Plan.

The Plan provides that other terms and conditions, including vesting provisions, may be attached to a particular security-based award, at the discretion of the Board. All awards are to be evidenced by the execution of an agreement.

The exercise price of the Options granted under the Plan shall be as set by the Board but shall not be less than the fair market value of the Common Shares on the date of the grant, in accordance with the policies of the TSX-V, and the same principles apply to other awards where the value of the award is initially tied to market price.

The Plan provides that it is solely within the discretion of the Board to determine to whom an award is granted, the type and number of awards and other provisions, subject to TSX-V Policy 4.4. The Board may issue a majority of the security-based awards to insiders of the Company. However, a maximum aggregate number of Common Shares that are issuance pursuant to all awards granted or issued to insiders (as a group) shall not exceed 10% of the issued Common Shares of the Company at any point in time (unless the Company has obtained the requisite disinterested Shareholder approval pursuant to section 5.3 of TSX-V Policy 4.4). Further, the number of Common Shares which may be issuable

under the Plan:

- (i) to any one optionee, other than to a consultant or employee providing investor relations activities shall not exceed 5%, in aggregate, of the outstanding Common Shares in any 12-month period on a non-diluted basis;
- (ii) to any one consultant to the Company, shall not exceed 2%, in aggregate, of the outstanding Common Shares in any 12-month period; and
- (iii) to such persons of the Company providing investor relations activities (as defined by the policies of the TSX-V), in aggregate, shall not exceed 2%, in aggregate, of the outstanding Common Shares in any 12-month period. Investor relations service provider may not receive any awards other than options.

V.2 Additional Terms for Options

An Option may be granted for a period of up to 10 years from the date of grant, at a price not less than the fair market value of the Company's Common Shares. If the optionee resigns or is terminated other than for cause, all unexercised Options previously granted to such optionee will expire after 90 days except as otherwise provided in the optionee's written employment contract or such date as is otherwise determined by the Board. Notwithstanding the foregoing or any term of an employment contract, in no event shall such right extend beyond the option period or one year from the termination date.

All unvested Options will be cancelled immediately. If an optionee is terminated for cause, all Options will expire immediately.

The Company may, in its sole discretion, permit the exercise of an Option through either:

- (i) A cashless exercise mechanism, whereby the Company has an arrangement with a brokerage firm pursuant to which the brokerage firm that agrees to loan to the participant money to purchase the Common Shares underlying the agreement, sells a sufficient number of Common Shares to cover the exercise provide of the Options in order to repay the loan made to the participant, and receive an equivalent number of Common Shares from the exercise of the Options and the participant receive the balance of Common Shares pursuant to such exercise, or the cash proceeds from the sale of the balance of such Common Shares.
- (ii) A net exercise mechanism, whereby Options, including Options held by any investor relations service provider, are exercised without the participant making any cash payment so the Company does not receive any cash from the exercise of the subject Options, and instead the participant receive only the number of underlying Common Shares that is equal to the quotient obtained by dividing the product of the number of Options being exercised multiplied by difference between the VWAP of the underlying Common Shares and the exercise price of the subject Options; by the VWAP (Volume Weighted Average trading Price for the five trading days immediately preceding the exercise) of the underlying Common Shares.

Options shall be exercised by the delivery of a notice of exercise to the Company, or by complying with any alternative procedures which may be authorized by the Committee, setting forth the number of Common Shares with respect to which the Option is to be exercised, accompanied by fully payment for the Common Shares, and any applicable withholding taxes.

An Option granted under the Plan may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution.

V.3 Additional Terms for DSUs

No awarded DSUs shall vest earlier than one year after the date of grant, except that the Company

may in its sole discretion accelerate the vesting for a participant who dies or who ceases to be an eligible participant under the Plan in connection with a change of control.

Each DSU grant shall be evidenced by an award agreement that shall specify the number of DSUs granted, the settlement date for DSUs, and any other provisions as the Company shall determine, including, but not limited to a requirement that participants pay a stipulated purchase price for each DSU, restrictions based upon the achievement of specific performance criteria, time-based restrictions, restrictions under applicable laws or under the requirements of any stock exchange or market upon which the shares are listed or traded, or holding requirements or sale restrictions placed on the shares by the Company upon vesting of such DSUs.

The DSUs granted herein may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated. All rights with respect to the DSUs granted to a participant under the Plan shall be available during such participant's lifetime only to such Participant.

Each award agreement shall set forth the extent to which the participant shall have the right to retain DSUs following the termination date but no later than the 90th day following the termination of the participant's employment or other relationship with the Company or affiliates. Such provisions shall be determined in the sole discretion of the Company, need not be uniform among all DSUs issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination. Any settlement or redemption of any DSUs shall occur within one year following the termination date.

When and if DSUs become payable, the participant issued such units shall be entitled to receive payment from the Company in settlement of such units in shares (issued from treasury) or, at the sole discretion of the Company, in a cash payment of equivalent value (based on the fair market value, as defined in the award agreement at the time of grant or thereafter by the Company). The payment for any DSUs in respect of which the Board may elect to settle in cash shall not extend beyond December 15 of the calendar year following the calendar year in which the participant's termination date occurs.

V.4 Additional Terms for RSUs

Each RSU grant shall be evidenced by an award agreement that shall specify the period(s) of restriction, the number of RSUs granted, the settlement date for RSUs, and any such other provisions as the Company shall determine, provided that, no RSU shall vest (i) earlier than one year, or (ii) later than three years after the date of grant, except that the Company may in its sole discretion accelerate the vesting for a participant who dies or who ceases to be an eligible participant under the Plan in connection with a change of control.

The RSUs granted may not be sold, transferred, pledged, assigned or otherwise alienated or hypothecated or disposed of by the participant, whether voluntarily or by operation of law, otherwise than by testate succession of the laws of descent and distribution, until the end of the applicable period of restriction specified in the award agreement until the date of settlement through delivery or other payment, and any attempt to do so will cause such RSUs to be null and void. A vested RSU shall be redeemable only by the participant and, upon the death of a Participant, the person to whom the rights shall have passed by testate succession or by the laws of decent and distribution.

A participant shall have no voting rights with respect to any RSUs granted under the Plan.

During the period of restriction, participants holding RSUs granted hereunder may, if the Company so determines, be credited with dividends paid with respect to the underlying shares or dividend equivalents while they are so held in accordance with the Plan and otherwise in such a manner determined by the Company in its sole discretion. Dividend equivalents is a right with respect to an award to receive cash, shares or other property equal in value and form to dividends declared by the board and paid with respect to outstanding shares and shall not apply to an award unless specifically provided for in the award agreement. The Company may apply any restrictions to the dividends or dividend equivalents that the Committee deems appropriate. The Company, in its sole discretion, may

determine the form of payment of dividends or dividend equivalents, including cash, shares and RSUs, provided that any dividend equivalents paid in the form of additional awards shall reduce the applicable pool of shares available for issuance of awards, and must be in accordance with the provisions of Section 4.8 of the Plan. Any Dividend Equivalents not paid in cash and not within the parameters of Section 4.8 of the Plan will be subject to the prior acceptance of the TSX-V. Further, any additional RSUs credited to the participant's account in satisfaction of payment of dividends or dividend equivalents will vest in proportion to and will be paid under the Plan in the same manner as the RSUs to which they relate.

Death and other termination of employment, consultancy, or directorship:

Death: If a participant dies while an employee, director of, or consultant to, the Company or an affiliate:

- (i) any RSUs held by the participant that have not vested shall vest immediately;
- (ii) any RSUs held by the participant that have vested, shall be paid to the participant's estate in accordance with the terms of the Plan and award agreement; and
- (iii) such participant's eligibility to receive further grants of RSUs under the Plan ceases as of the termination date.

Termination other than death: where a participant's employment or term of office or engagement terminates for any reason other than death (whether such termination occurs with or without any or adequate notice or reasonable notice, or with or without any or adequate compensation in lieu of such notice), then:

- (iv) any RSUs held by the participant that have vested before the termination date shall be paid to the participant. Any RSUs held by the participant that are not yet vested at the termination date will be immediately cancelled and forfeited to the Company on the termination date;
- (v) the eligibility of a participant to receive further grants under the Plan ceases as of the date that the Company or an affiliate provides the participant with written notification that the participant's employment or term of office or engagement, is terminated;
- (vi) notwithstanding item (a) above, unless the Committee, in its sole discretion, otherwise determines, at any time and from time to time, RSUs are not affected by a change of employment arrangement within or among the Company or an affiliate for so long as the participant continues to be an employee of the Company or an affiliate; and
- (vii) any settlement or redemption of any RSUs shall occur within one year following the termination date.

When and if RSUs become payable, the participant issued such units shall be entitled to receive payment from the Company in settlement of such units, shares (issued from treasury) of equivalent value (based on the fair market value, as defined in the award agreement at the time of grant or thereafter by the Board) or, at the sole discretion of the Board, a cash payment. The payment date for any RSUs in respect of which the Board may elect to settle in cash shall not extend beyond December 31 of the third calendar year following the calendar year in which the services giving rise to the award were rendered.

V.5 Additional Terms for PSUs

No PSUs shall vest earlier than one year after the date of grant, except that the Board may in its sole discretion accelerate the vesting for a participant who dies or who ceases to be an eligible participant under the Plan in connection with a change of control.

Each PSU shall have an initial value equal to the fair market value of a share on the date of grant. The Board shall set performance criteria for a performance period in its discretion, which, depending on the extent to which they are met, will determine, in the manner determined by the Board and set forth in the award agreement, the value and/or number of each PSU that will be paid to the participant. After the applicable performance period has ended, the holder of PSUs shall be entitled to receive payout on the value and number of PSUs, determined as a function of the extent to which the corresponding performance criteria have been achieved.

Payment of vested PSUs shall be as determined by the Board and as set forth in the award agreement. Subject to the terms of the Plan, the Board will pay vested PSUs in shares issued from treasury or, at the sole discretion of the Board, a cash payment equal to the value of the vested PSUs at the end of the applicable performance period. Any shares may be issued subject to any restrictions deemed appropriate by the Board. The payment date for any PSUs in respect of which the Board may elect to settle in cash shall not extend beyond December 31 of the third calendar year following the calendar year in which the services giving rise to the award were rendered.

During the period of restriction, participants holding PSUs granted hereunder may, if the Board so determines, be credited with dividends paid with respect to the underlying shares or dividend equivalents while they are so held in accordance with the Plan and otherwise in such a manner determined by the Board in its sole discretion, subject to compliance with TSX-V Policy 4.4. Dividend equivalents shall not apply to an award unless specifically provided for in the award agreement. The Board may apply any restrictions to the dividends or dividend equivalents that the Board deems appropriate. The Board, in its sole discretion, may determine the form of payment of dividends or dividend equivalents, including cash, shares and PSUs, provided that any dividend equivalents paid in the form of additional awards shall reduce the applicable pool of shares available for issuance of awards, and must be in accordance with the provisions of Section 4.8 of the Plan. Any Dividend Equivalents not paid in cash and not within the parameters of Section 4.8 of the Plan will be subject to the prior acceptance of the TSX-V. Further, any additional PSUs credited to the participant's account in satisfaction of payment of dividends or dividend equivalents will vest in proportion to and will be paid under the Plan in the same manner as the PSUs to which they relate.

If a Participant dies while an employee, Director of, or consultant to, the Company or an affiliate:

- (i) the number of PSUs held by the participant on the termination date that have not vested shall be adjusted as set out in the applicable award agreement (collectively referred to below as "**Deemed Awards**");
- (ii) any Deemed Awards shall vest immediately;
- (iii) any PSUs held by the participant that have vested as of the termination date and any Deemed Awards that vested in accordance with item (b) above shall be paid to the participant's estate in accordance with the terms of the Plan and award agreement;
- (iv) any settlement or redemption of any PSUs shall occur within one year following the termination date;
- (v) any PSUs held by the participant that are not yet vested at the termination date and do not vest in accordance with item (b) above immediately expire and are cancelled and forfeited on the termination date and the participant will not be entitled to any compensation or damages in respect of such cancellation and forfeiture; and
- (vi) such participant's eligibility to receive further grants of PSUs under the Plan ceases as of the termination date.

Unless determined otherwise by the Board, or as may otherwise be set out in a participant's employment agreement, where a participant's employment or term of office or engagement terminates for any reason other than death (whether such termination occurs with or without any or adequate notice or reasonable notice, or with or without any or adequate compensation in lieu of such notice), then:

- (i) any PSUs held by the participant that have vested before the termination date shall be paid to the participant in accordance with the terms of the Plan and award agreement, and any PSUs held by the participant that are not yet vested at the termination date will be immediately cancelled and forfeited to the Company on the termination date and the participant will not be entitled to any compensation or damages in respect of such cancellation and forfeiture;
- (ii) the eligibility of a participant to receive further grants under the Plan ceases as of the termination date;
- (iii) any settlement or redemption of any PSUs shall occur within one year following the termination date; and
- (iv) unless the Board, in its sole discretion, otherwise determines, at any time and from time to time, PSUs are not affected by a change of employment arrangement within or among the Company or an affiliate for so long as the participant continues to be an employee of the Company or an affiliate.

The PSUs granted herein may not be sold, transferred, pledged, assigned or otherwise alienated or hypothecated or disposed of by the participant, whether voluntarily or by operation of law, otherwise than by testate succession of the laws of descent and distribution, until the end of the applicable period of restriction specified in the award agreement until the date of settlement through delivery or other payment, and any attempt to do so will cause such PSUs to be null and void. A vested PSU shall be redeemable only by the participant and, upon the death of a participant, the person to whom the rights shall have passed by testate succession or by the laws of decent and distribution may redeem any vested PSUs in accordance with the provisions herein.

V.6 Approval

The Plan is considered a “rolling up to 10% and fixed up to 10%” plan as defined in TSX-V Policy 4.4. In accordance with TSX-V policies, the TSX-V requires the Company to obtain the approval of its Shareholders with respect to the “rolling” portion of the Omnibus Plan on an annual basis; however, Shareholder approval of the fixed portion of the Omnibus Plan is only required if there is a proposed increase in the number allowable to be granted under the fixed portion of the Omnibus Plan.

Management of the Company will ask the Shareholders to approve the following resolution at the Meeting:

“BE IT RESOLVED AS AN ORDINARY RESOLUTION that subject to regulatory approval and for the purposes of exception 13(b) of ASX Listing Rule 7.2:

- (a) *the Company’s omnibus equity incentive compensation plan adopted by the board of directors (the “Board”) on November 10, 2022 (the “Plan”), be and is hereby adopted and re-approved;*
- (b) *the Company be authorized to award security-based compensation pursuant to and subject to the terms and conditions of the Plan, which will be a rolling number of options issuable under the Plan up to ten percent (10%) of the issued and outstanding share capital from time to time and a fixed number of other Awards (as defined in the Plan), other than options, issuable under the Plan up to a maximum of 12,733,431, being ten percent (10%) of the issued and outstanding share capital as of the date of implementation of the Plan; and*
- (c) *The Company is hereby authorized and directed to issue such Common Shares pursuant to the Plan as fully paid and non-assessable Common Shares.*

- (d) *The Board of the Company is hereby authorized and empowered to make any changes to the Plan as may be required by the TSX Venture Exchange or Australian Securities Exchange.*
- (e) *the directors and officers of the Company be authorized and directed to perform all such acts and deeds and things and execute, under the seal of the Company or otherwise, all such documents, agreements and other writings as may be required to give effect to the true intent of these resolutions.”*

It is the intention of the management designees, if named as proxy, to vote in favour of the approval of the Plan, unless the Shareholder has specified in its proxy that its Common Shares are to be voted against the Plan.

V.7 Voting Exclusion

Pursuant to and in accordance with ASX Listing Rule 14.11, the Company will disregard any votes cast in favour of this resolution by or on behalf of a person who is eligible to participate in the employee incentive scheme, or any of their respective associates.

However, this does not apply to a vote cast in favour of a resolution by:

- (i) a person as proxy or attorney for a person who is entitled to vote, in accordance with directions given to the proxy or attorney to vote on the resolution in that way; or
- (ii) the Chairman as proxy or attorney for a person who is entitled to vote, in accordance with a direction given to the Chairman to vote on the resolution as the Chairman decides; or
- (iii) a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - (A) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the resolution; and
 - (B) the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

V.8 Requirements under ASX Listing Rule 7.2 exception 13(b)

- (a) *General*

This resolution seeks Shareholders' re-approval for the adoption of the Plan, titled "Benz Mining Corp. Omnibus Equity Incentive Compensation Plan", in accordance with ASX Listing Rule 7.2 exception 13(b).

Under the Plan, the Board may offer to eligible persons the opportunity to subscribe for such number of equity securities (as defined under the ASX Listing Rules) in the Company as the Board may decide and on the terms set out in the rules of the Plan. In addition, a copy of the Plan is available for review by Shareholders at the registered office of the Company until the date of the Meeting. A copy of the Plan can also be sent to Shareholders upon request to the Company Secretary. Shareholders are invited to contact the Company if they have any queries or concerns.

- (b) *ASX Listing Rules 7.1 and 7.2, exception 13(b)*

Broadly speaking, and subject to a number of exceptions, ASX Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of common shares it had on issue at the start of that period.

ASX Listing Rule 7.2, exception 13(b) provides an exception to ASX Listing Rule 7.1 such that issues of equity securities under an employee incentive scheme are exempt for a period of three years from the date on which shareholders approve the issue of equity securities under the scheme as an exception to ASX Listing Rule 7.1.

If Resolution V is passed, the Company will be able to issue equity securities under the Plan to eligible participants over a period of three years up to a nominated maximum amount without using the Company's 15% annual placement capacity under ASX Listing Rule 7.1.

If Resolution V is not passed, the Company will not be able to issue equity securities under the Plan to eligible participants without using the Company's 15% limit under ASX Listing Rule 7.1, effectively decreasing the number of equity securities the Company can issue or agree to issue without obtaining Shareholder approval over the 12 month period following any such issue.

However, any future issues of equity securities under the Plan to a related party or a person whose relation with the Company or the related party is, in ASX's opinion, such that approval should be obtained, will still require Shareholder approval under ASX Listing Rule 10.14 at the relevant time.

(c) *Specific information required by ASX Listing Rule 7.2, exception 13(b)*

Under and for the purposes of ASX Listing Rule 7.2, exception 13(b), the following information is provided in relation to the Plan:

- (i) the material terms of the Plan are summarized herein;
- (ii) since the Company was listed on the ASX on 21 December 2020, the Company had in place a previous stock option plan, which was replaced with the Plan. The Company confirms no equity securities have been issued under the Plan since admission to the ASX. The Plan was previously approved by Shareholders on 14 December 2022 and re-approved by Shareholders on 8 December 2023. No equity securities have previously been issued under the Plan;
- (iii) the maximum number of equity securities proposed to be issued under the Plan following approval of resolution V shall not exceed 18,732,061 equity securities, which is equal to approximately 10% of the Company's outstanding Common Shares on completion of the Private Placement, subject to adjustment in the event of a reorganization of capital and further subject to applicable laws and the ASX Listing Rules; and
- (iv) a voting exclusion statement is included in the Notice of Meeting.

Board recommendation

Resolution V is an ordinary resolution.

The Board recommends that Shareholders vote in favour of Resolution V.

VI. Approval of 10% Placement Facility

To consider and, if thought fit, to pass with or without amendment, as a **special** resolution the following:

“That the Company have the additional capacity to issue equity securities provided for in ASX Listing Rule 7.1A on the terms and conditions in the Information Circular.”

VI.1 Voting Exclusion

Pursuant to and in accordance with ASX Listing Rule 14.11, the Company will disregard any votes cast in favour of this resolution if at the time of the Meeting, the Company is proposing to make an issue of equity securities under the 10% Placement Facility, by or on behalf of any persons who are expected to participate in, or who will obtain a material benefit as a result of, the proposed issue (except a benefit solely by reason of being a Shareholder), or any associate of those persons.

However, this does not apply to a vote cast in favour of a resolution by:

- (a) a person as proxy or attorney for a person who is entitled to vote, in accordance with directions given to the proxy or attorney to vote on the resolution in that way; or
- (b) the Chairman as proxy or attorney for a person who is entitled to vote, in accordance with a direction given to the Chairman to vote on the resolution as the Chairman decides; or
- (c) a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - (i) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the resolution; and
 - (ii) the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

VI.2 General

As noted in section V.8(b), subject to a number of exceptions, ASX Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of its issued share capital it had on issue at the start of that period.

Under ASX Listing Rule 7.1A, however, an eligible entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25% (“**10% Placement Facility**”). The Company obtained this approval at its annual general meeting held on December 8, 2023.

Resolution VI seeks Shareholder approval by way of a special resolution to provide the Company the ability to issue equity securities under the 10% Placement Facility during the 10% Placement Period (refer below for details). The number of equity securities to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (refer below for details).

If Resolution VI is passed, the Company will be able to issue equity securities up to the combined 25% limit in ASX Listing Rules 7.1 and 7.1A without any further shareholder approval.

If Resolution VI is not passed, the Company will not be able to access the additional 10% capacity to issue equity securities without Shareholder approval provided for in ASX Listing Rule 7.1A and will remain subject to the 15% limit on issuing equity securities without Shareholder approval set out in ASX Listing Rule 7.1.

VI.3 Listing Rule 7.1A

- (a) Is the Company an eligible entity?

An 'eligible entity' means an entity which is not included in the S&P/ASX 300 Index and which has a market capitalization of A\$300 million or less.

The Company is an eligible entity for these purposes as it is not included in the S&P/ASX 300 Index and has an aggregate market capitalization of approximately A\$40 million, based on the closing price of Common Shares on ASX (A\$0.215) on November, 18 2024.

- (b) What equity securities can be issued?

Any equity securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of equity securities of the eligible entity.

As at the date of the Information Circular, the Company has on issue one quoted class of equity securities; being shares; with quotation of its shares on ASX settled in the form of CHESS Depositary Interests.

- (c) How many equity securities can be issued?

ASX Listing Rule 7.1A.2 provides that under the approved 10% Placement Facility, the Company may issue or agree to issue a number of equity securities calculated in accordance with the following formula:

$$(A \times D) - E$$

Where:

A is the number of Common Shares on issue 12 months before the date of issue or agreement:

(A) plus the number of fully paid Common Shares issued in the 12 months:

- (1) under an exception in ASX Listing Rule 7.2 (other than exception 9, 16 or 17);
- (2) on the conversion of convertible securities within ASX Listing Rule 7.2 exception 9 where:
 - the convertible securities were issued or agreed to be issued before the 12 month period; or
 - the issue of, or agreement to issue, the convertible securities was approved, or taken under the ASX Listing Rules to have been approved, under ASX Listing Rules 7.1 or 7.4;

(3) under an agreement to issue securities within ASX Listing Rule 7.2 exception 16 where:

- the agreement was entered into before the 12 month period; or
- the agreement or issue was approved, or taken under the Listing Rules to be approved, under ASX Listing Rule 7.1 or 7.4; and

(4) with Shareholder approval under ASX Listing Rule 7.1 or 7.4. This does not include any issue of Common Shares under the Company's 15% annual placement capacity without Shareholder approval;

(B) plus the number of partly paid shares that became fully paid in the 12 months; and

(C) less the number of fully paid Common Shares cancelled in the 12 months.

Note that 'A' has the same meaning in ASX Listing Rule 7.1 when calculating the Company's 15% annual placement capacity.

D is 10%.

E is the number of equity securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with Shareholder approval under Listing Rule 7.1 or 7.4.

(d) At what price can the equity securities be issued?

Any equity securities issued under ASX Listing Rule 7.1A must be issued for a cash consideration per security which is not less than 75% of the volume weighted average market price of equity securities in the same class calculated over the 15 Trading Days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the equity securities are to be issued is agreed by the Company and the recipient of the equity securities; or
- (ii) if the equity securities are not issued within 10 trading days of the date in paragraph (i) above, the date on which the equity securities are issued,

(“**Minimum Issue Price**”).

(e) When can equity securities be issued?

Shareholder approval of the 10% Placement Facility under ASX Listing Rule 7.1A will be valid from the date of Meeting and will expire on the earlier to occur of:

- (i) the date that is 12 months after the date of the Meeting;
- (ii) the time and date of the Company's next annual general meeting; or

- (iii) the date of Shareholder approval of a transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking),

(“**10% Placement Period**”).

- (f) What is the effect of Resolution VI?

The effect of Resolution VI will be to allow the Directors to issue the equity securities under ASX Listing Rule 7.1A during the 10% Placement Period without further Shareholder approval or using the Company’s 15% annual placement capacity under ASX Listing Rule 7.1.

VI.4 Specific information required by ASX Listing Rule 7.3A

Under and for the purposes of ASX Listing Rule 7.3A, the following information is provided in relation to the 10% Placement Facility:

- (a) Final date for issue

The Company will only issue the equity securities under the 10% Placement Facility during the 10% Placement Period. Shareholder approval of the 10% Placement Facility will cease to be valid if Shareholders approve a transaction under ASX Listing Rules 11.1.2 or 11.2.

- (b) Minimum issue price

Where the Company issues equity securities under the 10% Placement Facility, it will only do so for cash consideration and the issue price will be not less than the Minimum Issue Price.

- (c) Purposes of issues under 10% Placement Facility

The Company may seek to issue equity securities under the 10% Placement Facility for the purposes of raising funds for continued investment in the Company’s current assets, the acquisition of new assets or investments (including expenses associated with such an acquisition), and/or for general working capital.

The Company will comply with the disclosure obligations under ASX Listing Rules 7.1A.4 and 3.10.3 upon issue of any equity securities.

- (d) Risk of economic and voting dilution

Shareholders should note that there is a risk that:

- (i) the market price for the Company’s equity securities may be significantly lower on the date of the issue of the equity securities than on the date of the Meeting; and
- (ii) the equity securities may be issued at a price that is at a discount to the market price for the Company’s equity securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the equity securities.

If this Resolution VI is approved by Shareholders and the Company issues equity securities under the 10% Placement Facility, the existing Shareholders' economic and voting power in the Company may be diluted as shown in the below table (in the case of Options, only if the Options are converted into Common Shares).

The below table shows the dilution of existing Shareholders based on the current market price of Common Shares and the current number of Common Shares for 'A' calculated in accordance with the formula in ASX Listing Rule 7.1A.2 as at the date of the Notice of Meeting ("**Variable A**"), with:

- (i) two examples where Variable A has increased, by 50% and 100%; and
- (ii) two examples of where the issue price of Common Shares has decreased by 50% and increased by 100% as against the current market price.

Share on issue (Variable A in Listing Rule 7.1A.2)	Dilution*			
	Issue price per Share	A\$0.108 50% decrease in Current Market Price	A\$0.215 Current Market Price	A\$0.430 100% increase in Current Market Price
187,320,614 Common Shares Variable A	10% Voting Dilution	18,732,061 Common Shares	18,732,061 Common Shares	18,732,061 Common Shares
	Funds raised	\$2,023,063	\$4,027,393	\$8,054,786
280,980,921 Common Shares 50% increase in Variable A	10% Voting Dilution	28,098,092 Common Shares	28,098,092 Common Shares	28,098,092 Common Shares
	Funds raised	\$3,034,594	\$6,041,090	\$12,082,180
374,641,228 Common Shares 100% increase in Variable A	10% Voting Dilution	37,464,123 Common Shares	37,464,123 Common Shares	37,464,123 Common Shares
	Funds raised	\$4,046,125	\$8,054,786	\$16,109,573

*The table has been prepared on the following assumptions:

- (i) the issue price is the current market price (A\$0.215), being the closing price of the Common Shares on ASX on November 18 2024, being the last day that the Company's Common Shares traded on the ASX before this Information Circular was printed;
- (ii) Variable A comprises of 187,320,614 existing Common Shares on issue as at the date of this Meeting, assuming the Company has not issued any Common Shares in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with Shareholder approval under ASX Listing Rule 7.1 and 7.4;
- (iii) the Company issues the maximum number of equity securities available under the 10% Placement Facility;
- (iv) no convertible securities (including any issued under the 10% Placement Facility) are exercised or converted into Common Shares before the date of the issue of the equity securities; and
- (v) the issue of equity securities under the 10% Placement Facility consists only of Common Shares. If the issue of equity securities includes quoted options, it is

assumed that those quoted options are exercised into Common Shares for the purpose of calculating the voting dilution effect on existing Shareholders.

- (vi) The number of Common Shares on issue (i.e., Variable A) may increase as a result of issues of Common Shares that do not require Shareholder approval (for example, a pro rata entitlements issue, scrip issued under a takeover offer or upon exercise of convertible securities) or future specific placements under ASX Listing Rule 7.1 that are approved at a future Shareholders' meeting.
- (vii) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- (viii) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Meeting.
- (ix) The table shows only the effect of issues of equity securities under ASX Listing Rule 7.1A, not under the 15% placement capacity under ASX Listing Rule 7.1.

(g) Allocation policy

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of equity securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- (i) the methods of raising funds that are available to the Company, including but not limited to, rights issue or other issue in which existing security holders can participate;
- (ii) the effect of the issue of the equity securities on the control of the Company;
- (iii) financial situation and solvency of the Company; and
- (iv) advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of the Information Circular but may include existing substantial Shareholders and/or new investors who are not related parties of or associates of a related party of the Company.

(h) Issues in the past 12 months

The Company previously obtained Shareholder approval under Listing Rule 7.1A at its annual general meeting held on December 8, 2023.

In the 12 months preceding the date of the Meeting and as at the date of this Information Circular, the Company has not issued or agreed to issue any equity securities under Listing Rule 7.1A.

(i) Voting exclusion statement

At the date of the Information Circular, the Company is not proposing to make an issue of equity securities under ASX Listing Rule 7.1A and has not approached any particular existing Shareholder or security holder or an identifiable class of existing security holder to participate in any such issue.

However, in the event that between the date of the Information Circular and the date of the Meeting, the Company proposes to make an issue of equity securities under ASX Listing Rule 7.1A to one or more existing Shareholders, those Shareholders' votes will be excluded under the voting exclusion statement in the Information Circular.

Board recommendation

Resolution VI is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

The Board recommends that Shareholders vote in favour of Resolution VI.

VII. Ratification of prior issue of Placement Shares

To consider and, if thought fit, to pass with or without amendment, as an ordinary resolution the following:

“That the issue of 18,181,820 Placement Shares under ASX Listing Rule 7.1 at an issue price of A\$0.22 per Placement Share to raise approximately A\$4,000,000 is ratified under and for the purposes of ASX Listing Rule 7.4 and for all other purposes, on the terms and conditions in this Information Circular.”

VII.1 Voting Exclusion

Pursuant to and in accordance with ASX Listing Rule 14.11, the Company will disregard any votes cast in favour of this resolution by or on behalf of any persons who participated in the Private Placement.

However, this does not apply to a vote cast in favour of a resolution by:

- (a) a person as proxy or attorney for a person who is entitled to vote, in accordance with directions given to the proxy or attorney to vote on the resolution in that way; or
- (b) the Chairman as proxy or attorney for a person who is entitled to vote, in accordance with a direction given to the Chairman to vote on the resolution as the Chairman decides; or
- (c) a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - (i) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the resolution; and
 - (ii) the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

VII.2 General

On November 5, 2024, the Company announced that it had entered into the Purchase Agreement with Spartan pursuant to which the Company agreed to acquire the Acquired Companies from Spartan. In connection with the Transaction, the Company also announced that it had received binding commitments from sophisticated and institutional investors to subscribe for a total of 18,181,820 Common Shares ("**Placement Shares**") at an issue price of A\$0.22 per Share to raise approximately A\$4,000,000 ("**Private Placement**").

Completion of the Private Placement was not conditional on the satisfaction or waiver of any conditions precedent. Accordingly, on November 13, 2024 the Company issued the Placement Shares to participants using the Company's placement capacity under ASX Listing Rule 7.1.

Resolution VII seeks the approval of Shareholders to ratify the issue of the Placement Shares under and for the purposes of ASX Listing Rule 7.4.

VII.3 ASX Listing Rules 7.1 and 7.4

As noted in section V.8(b), subject to a number of exceptions, ASX Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of its issued share capital it had on issue at the start of that period.

The issue of Placement Shares does not fit within any of the exceptions to ASX Listing Rule 7.1 and, as it has not yet been approved by Shareholders, effectively uses up part of the 15% limit in ASX Listing Rule 7.1, reducing the Company's capacity to issue further equity securities without Shareholder approval under that ASX Listing Rule for the 12 month period following the issue of the Placement Shares.

ASX Listing Rule 7.4 allows the shareholders of a listed company to approve an issue of equity securities after it has been made or agreed to be made. If they do, the issue is taken to have been approved under ASX Listing Rule 7.1 and so does not reduce the company's capacity to issue further equity securities without shareholder approval under ASX Listing Rule 7.1. At the time that the Placement Shares were issued, the Company was not in breach of ASX Listing Rule 7.1.

The Company wishes to retain as much flexibility as possible to issue additional equity securities into the future without having to obtain Shareholder approval for such issues under ASX Listing Rule 7.1. To this end, Resolution VII seeks the approval of Shareholders for the issue of up to 18,181,820 Placement Shares under and for the purposes of ASX Listing Rule 7.1.

If Resolution VII is passed, the issue of the Placement Shares will be excluded in calculating the Company's 15% limit in ASX Listing Rule 7.1, effectively increasing the number of Equity Securities it can issue without Shareholder approval over the 12 month period following the issue of the Placement Shares.

If Resolution VII is not passed, the Placement Shares will be included in the Company's 15% limit under ASX Listing Rule 7.1, effectively decreasing the number of equity securities that the Company can issue or agree to issue without obtaining Shareholder approval over the 12 month period following the issue of those Placement Shares.

VII.4 Specific information required by ASX Listing Rule 7.5

Under and for the purposes of ASX Listing Rule 7.5, the following information is provided in relation to the ratification of the issue of the Placement Shares:

- (x) the Placement Shares were issued to the participants of the Private Placement (**Placement Participants**), being sophisticated and professional investors to whom a disclosure document does not need to be provided under the Corporations Act, none of whom is a related party of the Company. Euroz Hartleys acted as lead manager and bookrunner to the Private Placement. The Placement Participants are existing contacts of the Company (including existing Shareholders) and clients of the Lead Manager. The Lead Manager identified investors through a bookbuild process, which involved the Lead manager seeking expressions of interest to participate in the capital raising from non-related parties of the Company;
- (xi) a total of 18,181,820 Placement Shares were issued on November 13, 2024;
- (xii) the Placement Shares are fully paid ordinary shares in the capital of the Company and rank equally in all respects with the Company's existing Common Shares on issue;
- (xiii) the Placement Shares were issued at A\$0.22 per Placement Share;
- (xiv) the proceeds from the issue of the Placement Shares are intended to be used towards the following:
 - (i) completing the Transaction;
 - (ii) supporting a rapid scale-up in the Company's gold exploration activities, including resource drilling and regional exploration target generation activities on the Glenburgh Project and Mt Egerton Projects (if the Transaction does not complete, funds will be used to undertake drilling activities on the Company's Eastmain Project and for general working capital purposes); and
 - (iii) general working capital purposes;
- (xv) there are no additional material terms with respect to the agreements for the issue of the Placement Shares; and
- (xvi) a voting exclusion statement is included in the Information Circular.

Board recommendation

Resolution VII is an ordinary resolution.

The Board recommends that Shareholders vote in favour of Resolution VII.

VIII. Approval of issue of Consideration Shares to Spartan

To consider and, if thought fit, to pass with or without amendment, as an ordinary resolution the following:

“That, the issue of 33,000,000 Common Shares to Spartan Resources Limited is approved under and for the purposes of Listing Rule 7.1 and for all other purposes, on the terms and conditions in this Information Circular.”

VIII.1 Voting Exclusion

Pursuant to and in accordance with ASX Listing Rule 14.11, the Company will disregard any votes cast in favour of this resolution by or on behalf of Spartan who is expected to participate in, or who will obtain a material benefit as a result of, the proposed issue (except a benefit solely by reason of being a Shareholder), or any associate of Spartan.

However, this does not apply to a vote cast in favour of a resolution by:

- (a) a person as proxy or attorney for a person who is entitled to vote, in accordance with directions given to the proxy or attorney to vote on the resolution in that way; or
- (b) the Chairman as proxy or attorney for a person who is entitled to vote, in accordance with a direction given to the Chairman to vote on the resolution as the Chairman decides; or
- (c) a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - (i) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the resolution; and
 - (ii) the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

VIII.2 General

On November 5, 2024, the Company announced that it had entered into the Transaction. As partial consideration for the Acquired Companies, the Company has agreed to issue Spartan the Consideration Shares, being 33,000,000 Common Shares.

This Resolution VIII is conditional upon the Company obtaining Shareholder Approval of Resolution IX and completion occurring under the Purchase Agreement. As at the date of this Information Circular, the following conditions precedent under the Purchase Agreement are outstanding:

- (a) the Company completing the Private Placement and demonstrating that it has (or will have) A\$5 million cash in bank immediately after completion of the Transaction;
- (b) the Company obtaining all required regulatory approvals including the requisite final acceptance from the TSXV in respect of the Transaction and the Private Placement; and
- (c) Spartan obtaining a deed of release signed by the relevant counterparties, on terms acceptable to the Company and Spartan, to secure the release of each of the Acquired Companies from certain royalty arrangements (including the Tembo Royalty Deed, Tembo Mortgage and Taurus Royalty Deed (and if applicable, any mining mortgage registered

pursuant to the Taurus Royalty Deed), as those terms are defined in the Purchase Agreement) and Spartan procuring that each of the Acquired Companies and relevant counterparties enter into new royalty and security arrangements.

The Purchase Agreement contains additional provisions, including warranties and indemnities in respect of the Acquired Companies and Acquired Projects, which are considered standard for agreements of this nature.

The Purchase Agreement also contains standard termination provisions which provide for either party to terminate the agreement prior to Completion. Termination events include where the conditions precedent have not been satisfied or waived by the 3 February 2025; if either Benz, Spartan, Gascoyne or Egerton suffer an insolvency event; if a party fails to perform and comply, in all material respects, with its material obligations under the Purchase Agreement, or if a 'Material Adverse Change' occurs in respect to either party. A 'Material Adverse Change' includes any event or circumstance which has, or could be reasonably expected to have, a material adverse effect on the business, assets, liabilities, operations, financial or trading position or prospects of the relevant party as a direct result of, among other things, this announcement and/or implementation of the Purchase Agreement.

The material terms of the Purchase Agreement are summarised in the Company's announcement dated November 5, 2024.

Resolution VIII seeks Shareholder approval for the issue of the Consideration Shares to Spartan under and for the purposes of Listing Rule 7.1.

A summary of ASX Listing Rule 7.1 is contained in section V.8(b).

The issue of Consideration Shares does not fit within any of the exceptions to ASX Listing Rule 7.1 and exceeds the 15% limit in Listing Rule 7.1. To this end, Resolution VIII seeks the approval of Shareholders for the issue of 33,000,000 Consideration Shares under and for the purposes of ASX Listing Rule 7.1.

If Resolution VIII is passed, the Company will be able to proceed with the issue of the Consideration Shares. In addition, the issue will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

However, if Resolution VIII is passed and Resolution IX is not passed, the Company will not be able to proceed with the issue of the Consideration Shares or Milestone Consideration Shares and the Company will not acquire the Acquired Companies and the Acquired Projects under the current terms of the Purchase Agreement.

VIII.3 Specific information required by ASX Listing Rule 7.3

Under and for the purposes of ASX Listing Rule 7.3, the following information is provided in relation to the proposed issue of the Consideration Shares:

- (i) the Consideration Shares will be issued to Spartan subject to and in accordance with the terms of the Purchase Agreement;
- (ii) a maximum of 33,000,000 Common Shares are to be issued as Consideration Shares;
- (iii) the Consideration Shares will be issued as fully paid ordinary shares in the capital of the Company and will rank equally in all respects with the Company's existing Common Shares on issue;

- (iv) the Consideration Shares are intended to be issued on the same date, being the date of completion of the Purchase Agreement, which in any event will be no later than three months after the date of the Meeting (or such later date as permitted by any ASX waiver or modification of the ASX Listing Rules);
- (v) the Consideration Shares will be issued for nil cash consideration as part consideration for the acquisition of the Acquired Companies;
- (vi) a summary of the material terms of the Purchase Agreement is set out in Annexure A of this Information Circular and was disclosed in the Company's announcement dated November 5, 2024; and
- (vii) a voting exclusion statement is included in the Information Circular.

Board recommendation

Resolution VIII is an ordinary resolution.

The Board recommends that Shareholders vote in favour of Resolution VIII.

IX. Approval of issue of Milestone Consideration Shares to Spartan

To consider and, if thought fit, to pass with or without amendment, each as a **separate** ordinary resolution, the following:

*“That, the agreement to issue up to 68,181,818 Common Shares (“**Milestone Consideration Shares**”) comprising:*

- (i) up to 22,727,273 Milestone Consideration Shares, subject to the Company achieving a Mineral Resource Estimate from the Acquired Projects (with a cut-off grade of 2.0g/tAu) containing 500,000 oz Au;*
- (ii) up to 22,727,273 Milestone Consideration Shares, subject to the Company achieving a Mineral Resource Estimate from the Acquired Projects (with a cut-off grade of 2.0g/tAu) containing 1,000,000 oz Au; and*
- (iii) up to 22,727,272 Milestone Consideration Shares, subject to the Company achieving a Mineral Resource Estimate from the Acquired Projects (with a cut-off grade of 2.0g/tAu) containing 1,500,000 oz Au,*

to Spartan Resources Limited (or its nominees) is approved under and for the purposes of Listing Rule 7.1 and for all other purposes, on the terms and conditions in this Information Circular.’

Pursuant to and in accordance with ASX Listing Rule 14.11, the Company will disregard any votes cast in favour of this resolution by or on behalf of Spartan who is expected to participate in, or who will obtain a material benefit as a result of, the proposed issue (except a benefit solely by reason of being a Shareholder), or any associate of Spartan.

However, this does not apply to a vote cast in favour of a resolution by:

- (a) a person as proxy or attorney for a person who is entitled to vote, in accordance with directions given to the proxy or attorney to vote on the resolution in that way; or

- (b) the Chairman as proxy or attorney for a person who is entitled to vote, in accordance with a direction given to the Chairman to vote on the resolution as the Chairman decides; or
- (c) a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - (i) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the resolution; and
 - (ii) the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

IX.1 General

This Resolution IX is conditional upon the Company obtaining Shareholder Approval of Resolution VIII and completion occurring under the Purchase Agreement. See section VIII.2 for a summary of the outstanding conditions precedent under the Purchase Agreement.

The material terms of the Purchase Agreement are summarised in the Company's announcement dated November 5, 2024. This subject of this Resolution IX relates to the Company's obligation to provide Spartan with deferred consideration of up to A\$6 million, to be paid in cash or issued in fully paid Milestone Consideration Shares in the form of CDIs (at the Company's election) upon Benz satisfying each of the following milestones:

Milestone Payments	Milestone Consideration Condition
Milestone 1 - A\$2 million	Payable upon the first to occur of (i) the Company declaring a Mineral Resource Estimate from the Acquired Projects containing 500,000 oz Au at a cut-off grade of at least 2.0g/t Au and (ii) production of 500,000 ounces of Gold from the Acquired Projects.
Milestone 2 - A\$2 million	Payable upon the first to occur of (i) the Company declaring a Mineral Resource Estimate from the Acquired Projects containing 500,000 oz Au at a cut-off grade of at least 2.0g/t Au and (ii) production of 500,000 ounces of Gold from the Acquired Projects.
Milestone 3 - A\$2 million	Payable upon the first to occur of (i) the Company declaring a Mineral Resource Estimate from the Acquired Projects containing 1,500,000 oz Au at a cut-off grade of 2.0g/t Au and (ii) production of 1,500,000 ounces of Gold from the Acquired Projects.

Any category of a Mineral Resource Estimate (e.g., inferred, indicated to measured) is sufficient for the Milestone Consideration Shares to become payable in accordance with the Milestone Consideration Conditions above. If the Company elects to issue Milestone Consideration Shares to satisfy a Milestone Payment, the number of Common Shares to issued will be calculated using a deemed issue price of the higher of the 20-day VWAP of the Company's shares and A\$0.088 per share. If the Company's 20-day VWAP falls below A\$0.088 per share at the time the Milestone Payment is due, the Company may, subject to obtaining Shareholder Approval of this Resolution IX, elect to satisfy the Milestone Payment by issuing such number of Milestone Consideration Shares to Spartan (and the balance of the payment in cash). Accordingly, the maximum number of Milestone

Consideration Shares that can be issued to Spartan under each milestone condition is 22,727,273 Milestone Consideration Shares.

The Company may only elect to issue Milestone Consideration Shares subject to certain conditions being met, including that any issuance of Milestone Consideration Shares to Spartan must occur within five years after the date of the Completion, following which any Milestone Payment must be paid to Spartan in cash, and the Company having obtained all necessary regulatory and shareholder approvals to issue the relevant Milestone Consideration Shares to Spartan.

IX.2 ASX waiver from ASX Listing Rule 7.3.4

The Company has been granted a waiver by the ASX from ASX Listing Rule 7.3.4 to the extent necessary to permit the Company in its Information Circular seeking approval for the issue of up to 68,181,818 Milestone Consideration Shares to Spartan not to state the Milestone Consideration Shares will be issued no later than 3 months from the date of the Meeting, on the following conditions:

- (a) The milestones attaching to the Milestone Consideration Shares ("**Milestones**") must not be varied.
- (b) The Milestone Consideration Shares must be issued within 7 business days of achieving the applicable Milestone, and in any event, no later than December 15, 2029.
- (c) The relevant terms and conditions of the Milestone Consideration Shares are fully and clearly set out in the Information Circular to ASX's satisfaction.
- (d) The maximum number of Milestone Consideration Shares to be issued is capped at 68,181,818.
- (e) Details regarding the dilutionary effect of the Milestone Consideration Shares on the Company's capital structure is included in the Notice to ASX's satisfaction.
- (f) The terms of the waiver are clearly disclosed in the Notice to ASX's satisfaction.
- (g) If any of the Milestones are achieved, the achievement of that Milestone and the basis on which the Company's directors determined that the Milestone has been achieved is announced to the market, along with the number of Milestone Consideration Shares issued.
- (h) For any annual reporting period during which any of the Milestone Consideration Shares have been issued or any of them remain to be issued, the Company's annual report sets out the number of Milestone Consideration Shares issued in that annual reporting period, the number of Milestone Consideration Shares that remain to be issued and the basis on which the Milestone Consideration Shares may be issued.

As noted above, the ASX waiver requires that the Company provide adequate details regarding the dilutionary effect of the Milestone Consideration Shares on the Company's capital structure. The table below demonstrates the dilutionary effect of the proposed issuance of the maximum number of Milestone Consideration Shares to Spartan on Shareholders (excluding Spartan) based on the Company's capital structure as at the date of this Information Circular (on an undiluted basis). At most, Shareholders will be diluted by approximately 35%, subject to the assumptions set out below.

Issuance of Consideration Shares and Milestone Consideration Shares	Common Shares Owned by Spartan	Total Common Shares on Issue⁽¹⁾	Dilution effect on existing shareholders (excluding Spartan)⁽²⁾
Assuming the maximum possible dilution on Completion of the Transaction	33,000,000	220,320,614	14.98%
Assuming the maximum possible dilution if Benz elects to satisfy payment for one Milestone Consideration Condition by issuing Milestone Consideration Shares	55,727,273	243,047,887	22.93%
Assuming the maximum possible dilution if Benz elects to satisfy payment for two Milestone Consideration Conditions by issuing Milestone Consideration Shares	78,454,546	265,775,160	29.52%
Assuming the maximum possible dilution if Benz elects to satisfy payment for all Milestone Consideration Conditions by issuing Milestone Consideration Shares	101,181,818	288,502,432	35.07%

Notes:

- (1) Assumes no convertible securities (including any issued under the 10% Placement Facility) are exercised or converted into Common Shares before the date of the issue of the equity securities.
- (2) The dilutionary effect is calculated based on Spartan's shareholding as a percentage of the total Common Shares on issue post the issue of the relevant Milestone Consideration Shares.

A summary of ASX Listing Rule 7.1 is contained in section V.8(b).

The issue of the Milestone Consideration Shares does not fit within any of the exceptions to ASX Listing Rule 7.1 and exceeds the 15% limit in Listing Rule 7.1. To this end, Resolution IX seeks Shareholder approval for the issue of the Milestone Consideration Shares to Spartan under and for the purposes of Listing Rule 7.1.

If Resolution IX is passed, the Company will be able to proceed with the issue of the Milestone Consideration Shares if the Company elects to satisfy the Milestone Payment in scrip. In addition, the issue will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

However, if Resolution IX is passed and Resolution VIII is not passed, the Company will not be able to proceed with the issue of the Consideration Shares or Milestone Consideration Shares and the Company will not acquire the Acquired Companies and the Acquired Projects under the current terms of the Purchase Agreement.

IX.3 Specific information required by ASX Listing Rule 7.3

Under and for the purposes of ASX Listing Rule 7.3, the following information is provided in relation to the proposed issue of the Milestone Consideration Shares under each of Resolutions IX(i), IX(ii) and IX(iii):

- (i) the Milestone Consideration Shares will be issued to Spartan subject to and in accordance with the terms of the Purchase Agreement;
- (ii) if the Company elects to satisfy its obligation to pay a Milestone Payment in scrip (in part or in full) under the Purchase Agreement, a maximum of 22,727,273 Common Shares will be issued;
- (iii) the Milestone Consideration Shares will be issued as fully paid ordinary shares in the capital of the Company and will rank equally in all respects with the Company's existing Common Shares on issue;
- (iv) subject to and in accordance with the terms of the ASX Waiver described above in section IX.2, the Milestone Consideration Shares are intended to be issued no later than December 15, 2029 (or such later date as permitted by any ASX waiver or modification of the ASX Listing Rules);
- (v) the Milestone Consideration Shares will be issued for nil cash consideration as part consideration for the acquisition of the Acquired Companies;
- (vi) a summary of the material terms of the Purchase Agreement is set out in Annexure A of this Information Circular and was disclosed in the Company's announcement dated November 5, 2024; and
- (vii) a voting exclusion statement is included in the Information Circular.

Board recommendation

Resolution IX is an ordinary resolution.

The Board recommends that Shareholders vote in favour of Resolution IX.

X. Approval of the Transaction Resolution

At the Meeting, Shareholders will be asked to approve the Transaction Resolution, the full text of which is set forth in Schedule "A" to this Information Circular. While the Transaction itself does not require the approval of Shareholders under applicable securities or corporate law, TSX-V Policy 5.3 provides that shareholder approval is required for any acquisition which results in the creation of a new "Control Person" (as such term is defined in the policies of the TSX-V). If the Transaction is completed, Spartan, will hold approximately 15% of the issued and outstanding Common Shares (on a pro-forma undiluted basis) upon Completion of the Transaction.

If after the Transaction is completed and under the terms and conditions of the Purchase Agreement

(i) one or multiple Milestone Consideration Conditions are satisfied and a Milestone Consideration Amount becomes payable to Spartan, and (ii) the Company elects, in accordance with the Purchase Agreement, to pay the Milestone Consideration Amount by issuing Milestone Consideration Shares (as such terms are defined in the Purchase Agreement), the issuance of such Milestone Consideration Shares may result in Spartan becoming a “Control Person” of Benz under the policies of the TSX-V. Accordingly, Shareholders are being asked to consider and vote upon the Transaction Resolution at the Meeting. The terms of the Transaction, including the recommendations of the Board, are described in detail below.

In order for the Transaction to be completed, the Transaction Resolution must be approved by at least a simple majority of the votes cast by Shareholders present in person or represented by proxy at the Meeting. If the requisite Shareholder Approval in respect of the Transaction Resolution is not obtained at the Meeting, the Transaction, as described herein, will not be completed.

The Board has unanimously determined that the Transaction is in the best interests of the Company, has unanimously approved the Transaction and the Purchase Agreement and unanimously recommends that Shareholders vote FOR the Transaction Resolution. It is the intention of the management designees, if named as proxy, to vote in favour of the approval of the Transaction Resolution, unless the Shareholder has specified in its proxy that its Common Shares are to be voted against the Transaction Resolution.

For illustrative purposes, the following table demonstrates the number and percentage of Common Shares that Spartan will own on completion of the Transaction assuming the maximum possible dilution to the Shareholders if Benz elects to pay all of the Milestone Consideration Amounts in respect of each Milestone Consideration Condition by issuing Milestone Consideration Shares to Spartan:

Timing of Completion of the Transaction and Issuance of Milestone Consideration Shares	Common Shares Owned by Spartan	% of Outstanding Common Shares
Assuming the maximum possible dilution if Benz elects to satisfy payment for one Milestone Consideration Condition by issuing Milestone Consideration Shares	55,727,273 Common Shares	22.93% (fully diluted basis) ⁽¹⁾⁽⁴⁾⁽⁵⁾
Assuming the maximum possible dilution if Benz elects to satisfy payment for two Milestone Consideration Conditions by issuing Milestone Consideration Shares	78,454,546 Common Shares	29.52% (fully diluted basis) ⁽²⁾⁽⁴⁾⁽⁵⁾
Assuming the maximum possible dilution if Benz elects to satisfy payment for all Milestone Consideration Conditions by issuing Milestone Consideration Shares	101,181,818 Common Shares	35.07% (fully diluted basis) ⁽³⁾⁽⁴⁾⁽⁵⁾

Notes:

- (1) Based on 243,047,887 issued and outstanding Common Shares, comprised of (i) 187,320,614 issued and outstanding Common Shares as at the date of this Information Circular, (ii) 33,000,000 Common Shares issued on Completion of the Transaction; and (iii) up to 22,727,273 Milestone Consideration Shares issued in satisfaction of the Milestone Consideration Amount payable for completion of one Milestone Consideration Condition, being A\$2,000,000 (plus GST).
- (2) Based on 265,775,160 issued and outstanding Common Shares, comprised of (i) 187,320,614 issued and outstanding Common Shares as at the date of this Information Circular, (ii) 33,000,000 Common Shares issued on Completion of the Transaction; and (iii) up to 45,454,546 Milestone Consideration Shares issued in satisfaction of the Milestone Consideration Amount payable for completion of two Milestone Consideration Conditions, being A\$4,000,000 (plus GST).
- (3) Based on 288,502,432 issued and outstanding Common Shares, comprised of (i) 187,320,614 issued and outstanding Common Shares as at the date of this Information Circular, (ii) 33,000,000 Common Shares issued on Completion of the Transaction; and (iii) up to 68,181,818 Milestone Consideration Shares issued in satisfaction of the Milestone Consideration Amount payable for completion of all Milestone Consideration Conditions, being A\$6,000,000 (plus GST).
- (4) Assumes no conversion or exercise of any other convertible securities of the Company.
- (5) Assumes the Milestone Consideration Shares are issued at the lowest possible Milestone Issue Price and rounded up to the nearest whole number.

At Completion of the Transaction, pursuant to the Purchase Agreement, Benz and Spartan have agreed that Spartan shall have the right to appoint one nominee to Board so long as Spartan and its related bodies corporate hold in aggregate greater than 10% of the Common Shares outstanding. Spartan also has a participation right in future Benz equity raisings, and expects to nominate Mr. Nicholas Jolly as its nominee director from Completion.

Management does not know of any other matters to come before the Meeting other than those referred to in the Notice of Meeting and further described above. Should any other matters properly come before the Meeting, the Common Shares represented by the proxy solicited hereby will be voted on such matters in accordance with the best judgment of the persons voting the proxy.

DIRECTOR AND EXECUTIVE OFFICER COMPENSATION

(For the financial year ended April 30, 2024)

For purposes of this Information Circular, “named executive officer” of the Company means an individual who, at any time during the year, was:

- (a) the Company’s CEO;
- (b) the Company’s CFO;
- (c) each of the Company’s three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year and whose total compensation was, individually, more than C\$150,000 for that financial year; and
- (d) each individual who would be a named executive officer under paragraph (c) but for the fact that the individual was neither an executive officer of the Company, nor acting in a similar capacity, at the end of the most recently completed financial year;

(each a “**Named Executive Officer**” or “**NEO**”).

Based on the foregoing definition, during the last completed financial year of the Company, there were four (4) Named Executive Officers, namely, its Interim CEO, Evan Cranston, its CFO, Simon Sharp, its Vice President, Exploration, Danielle Giovenazzo and its former CEO and Head of Corporate Development (Australia), Xavier Braud.

Compensation Discussion and Analysis

In assessing the compensation of its executive officers, the Company does not have in place any formal objectives, criteria or analysis; instead, it relies mainly on discussions at the Board level.

The Company’s executive compensation program has three principal components: base salary, incentive bonus plan, and incentive stock options. The determination and administration of base salaries or incentive bonuses, or both, are discussed in greater detail below. When appropriate to do so, incentive bonuses in the form of cash payments, are designed to add a variable component of compensation, in addition to stock options, based on corporate and individual performances for Named Executive Officers, and may or may not be awarded in any financial year. The Company has no other forms of compensation for its NEOs, although payments may be made from time to time to individuals who are NEOs or companies they control, for the provision of consulting services. Such consulting services are paid for by the Company at competitive industry rates for work of a similar nature by reputable arm’s length services providers.

The Company notes that it is in an exploration phase with respect to its properties, has to operate with limited financial resources, and must control costs to ensure that funds are available to complete scheduled exploration programs and otherwise fund its operations. The Board has to consider the current and anticipated financial position of the Company at the time of any compensation determination. The Board has attempted to keep the cash compensation paid to the Company's NEOs relatively modest, while providing long-term incentives through the granting of stock options.

The Company's executive compensation program is administered by the Board of Directors, and is designed to provide incentives for the enhancement of shareholder value. The overall objectives are to attract and retain qualified executives critical to the success of the Company, to provide fair and competitive compensation, to align the interest of management with those of the Shareholders and to reward corporate and individual performance. The Company's compensation package has been structured in order to link shareholder return, measured by the change in the share price, with executive compensation through the use of incentive stock options as the primary element of variable compensation for its Named Executive Officers. The Company does not currently offer long-term incentive plans or pension plans to its Named Executive Officers.

The Company bases the compensation for a NEO on the years of service with the Company, responsibilities of each officer and their duties in that position. The Company also bases compensation on the performance of each officer. The Company believes that stock options can create a strong incentive to the performance of each officer and is intended to recognize extra contributions and achievements towards the goals of the Company.

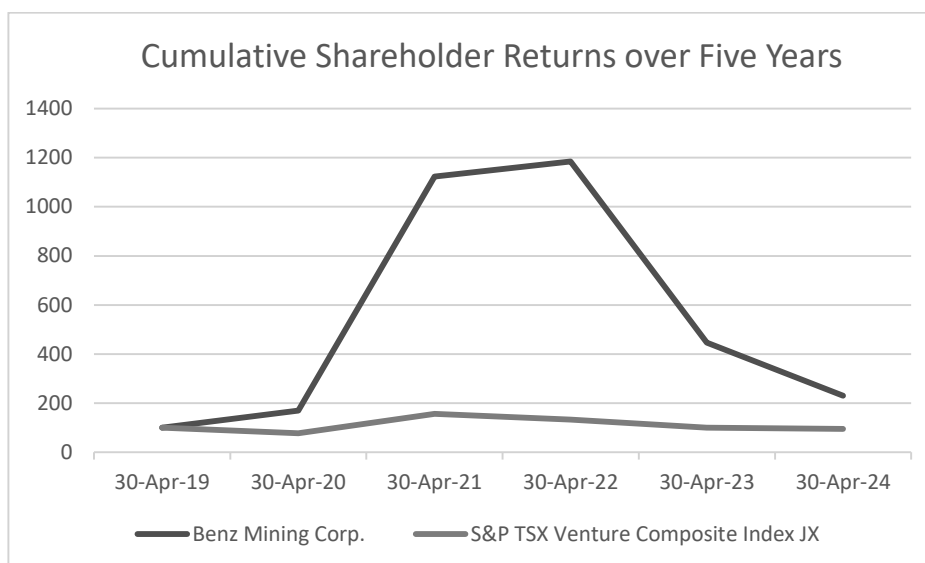

The Board, when determining cash compensation payable to a NEO, takes into consideration their experience in the mining industry, as well as their responsibilities and duties and contributions to the Company's success. Named Executive Officers receive a base cash compensation that the Company feels is in line with that paid by similar companies in North America, subject to the Company's financial resources; however no formal survey was completed by the Board.

In performing its duties, the Board has considered the implications of risks associated with the Company's compensation policies and practices. At its early stage of development and considering its current compensation policies, the Company has no compensation policies or practices that would encourage an executive officer or other individual to take inappropriate or excessive risks. An NEO or director is permitted for his or her own benefit and at his or her own financial risk, to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars or units or exchange funds, that are designed to hedge or offset a decrease in the market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

The only payments made to associates of NEOs/directors during the fiscal year ended April 30, 2024, were to Konkera Holdings Pty Ltd. (an associate of Evan Cranston) for accounting related services for the Benz Australian branch. Total payments for the fiscal year ended April 30, 2024 were C\$34,728.

Performance Graph

The Common Shares are listed on the TSX-V under the trading symbol BZ. The following graph illustrates the comparison between the cumulative total shareholder return for \$100 invested in Common Shares of the Company since April 30, 2019 with the cumulative total return of the S&P TSX Venture Composite Index (JX) for the applicable fiscal period. The Company considers the JX to be the most relevant index comparison for its securities.

Option-Based Awards

Stock options are granted to provide an incentive to the directors, officers, employees and consultants of the Company to achieve the longer-term objectives of the Company; to give suitable recognition to the ability and industry of such persons who contribute materially to the success of the Company; and to attract and retain persons of experience and ability, by providing them with the opportunity to acquire an increased proprietary interest in the Company. The Company awards stock options to its executive officers based upon the recommendation of the Board, which recommendation is based upon the Board’s review of a proposal from the CEO. Previous grants of incentive stock options are taken into account when considering new grants.

Director Compensation

Director Compensation Table

The Company's director compensation program is designed to attract and retain the most qualified people to serve on its Board and its committees and considers the risks and responsibilities of being an effective director. It further serves to align the interests of directors with those of Shareholders over the long-term.

Historically, and for the fiscal year ended April 30, 2024, the compensation of directors of the Company was reviewed annually and determined by the Board. The remuneration arrangements for non-executive directors are intended to attract highly qualified individuals with the capability to meet the challenging oversight responsibilities of a mining company and to closely align non-employee directors' interests with Shareholder interests. Consideration is given to the directors' time commitment, duties and responsibilities, and director remuneration practices and levels at comparable companies.

The Board had in place the following non-executive director remuneration framework in place for the fiscal year ended April 30, 2024:

- Annual cash retainer of \$40,000 for non-executive directors;
- Ability to participate in equity-based remuneration in accordance with the terms of the Plan;
- No additional fees paid for committee membership or attendance at Board or committee meetings; and

- Directors have all reasonable expenses covered when travelling on Company business.

The Board facilitates its exercise of independent supervision over the Company's management through frequent meetings of the Board.

The Board is comprised of four (4) directors, of whom Mathew O'Hara, Peter Williams and Nicholas Tintor are all independent for the purposes of NI 58-101. Evan Cranston is not independent since he serves as the interim CEO of the Company as of January 27, 2023.

During the fiscal year ended April 30, 2024, the Board held 2 formal Board meeting during which all directors were present while the Board's audit committee has held 1 formal meeting during the fiscal year ended April 30, 2024 to review and approve the annual financial statements. Orientation and Continuing Education

New Board members receive an orientation package which includes reports on operations and results, and public disclosure filings by the Company. Board meetings are sometimes held at the Company's offices and, from time to time, are combined with presentations by the Company's management to give the directors additional insight into the Company's business. In addition, management of the Company makes itself available for discussion with all Board members.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Nomination of Directors

The Board considers its size each year when it considers the number of directors to recommend to the Shareholders for election at the annual meeting of Shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of view and experience.

The Board does not have a nominating committee, and these functions are currently performed by the Board as a whole. However, if there is a change in the number of directors required by the Company, this policy will be reviewed.

Compensation Governance

The Company does not have a separate Compensation Committee, so the entire Board of Directors comprises the Compensation Committee, and is responsible for, among other things, evaluating the performance of the Company's executive officers, determining or making recommendations with respect to the compensation of the Company's executive officers, making recommendations with respect to director compensation, incentive compensation plans and equity-based plans, making recommendations with respect to the compensation policy for the employees of the Company or its subsidiaries and ensuring that the Company is in compliance with all legal requirements with respect to compensation disclosure. In performing its duties, the Board has the authority to engage such advisors, including executive compensation consultants, as it considers necessary.

The Board is currently composed of four (4) directors, of whom Mathew O'Hara, Nicholas Tintor and Peter Williams are independent directors within the meaning set out in NI 58-101. Evan Cranston is not independent since he serves as the interim CEO of the Company as of January 27, 2023. All members of the Board are experienced participants in business or finance, and have sat on the board of directors of other companies, charities or business associations, in addition to the Board of the

Company.

The Board does not have a pre-determined compensation plan. The Company does not engage in benchmarking practices and the process for determining executive compensation is at the discretion of the Board.

The Board has not engaged the services of independent compensation consultants to assist it by making recommendations to the Board with respect to director and executive officer compensation.

Other Board Committees

The Board has no other committees, other than the Audit Committee.

Assessments

Due to the minimal size of the Company's Board, no formal policy has been established to monitor the effectiveness of the directors, the Board and its committees.

Director Term Limits and Other Mechanisms of Board Renewal

The Company has not adopted term limits for its directors or other formal mechanisms for Board renewal. In doing so, the Company considered a number of factors, including the significant advantages associated with the continued involvement of long-serving directors who have gained a deep understanding of the Company's projects, operations and objectives during their tenure; the experience, corporate memory and perspective of such directors; the professional experience, areas of expertise and personal character of members of the Board; and the current needs and objectives of the Company.

The Company reviews the size, composition and performance of Board members, and makes recommendations for appointment, removal of directors or other adjustments as appropriate on an annual basis.

Policies Regarding the Representation of Women on the Board

The Company recognizes that gender diversity is a significant aspect of diversity and acknowledges the important role that women with appropriate and relevant skills and experience can play in contributing to the diversity of perspective on the Board and understands that the ability to draw on a wide range of viewpoints, backgrounds, skills and experience is critical to its success. While the Company has not adopted formal policies regarding the representation of women on the Board, the Company considers diversity to be an important consideration for the selection process.

The Company adopted a Diversity Policy which outlines the Company's commitment to promoting a culture that is supportive of diversity, including encouraging female participation across a range of roles across the Company. However, at the Company's current stage of development, while gender diversity is taken into account, the primary focus of the Board is the identification and selection of directors who have the expertise and skills necessary to assist the Company achieve its immediate goals. As the size and scale of the Company continues to grow, the Board expects to adopt policies to achieve gender diversity as director positions become vacant and appropriately qualified candidates become available.

Consideration Given to the Representation of Women in Executive Officer Appointments

The Company currently has no formal targets for diversity representation due to the size and stage of development of the Company. While the Board monitors the level of female representation on the Board and in management positions and, where appropriate, recruits qualified female candidates as part of the Company's overall recruitment and selection process to fill Board or management positions

as the need arises, through vacancies, growth or otherwise, the primary focus for recruiting is the identification and selection of directors and executives who have the expertise and skills necessary for a lithium exploration and development project located in Québec.

Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

The Company has not adopted specific targets for women's representation on the Board and in executive positions due to the Company's size and level of development. However, as part of the Company's desire to facilitate gender diversity on the Board and in management roles, the Company:

- considers impediments to gender diversity in the workplace;
- regularly reviews the proportion of women at all levels of the Company;
- monitors the effectiveness of, and continue to expand on, existing initiatives designed to identify, support and develop talented women with leadership potential; and
- continues to identify new ways to entrench diversity as a cultural priority across the organization.

Number of Women on the Board and in Executive Officer Positions

As of the date hereof, the Company has no female directors out of four (4) directors and one (1) female executive officer out of three (3) (i.e., 33%).

Board Charter

Introduction

The Board of Benz Ming Corp. (**Company**) (**Board**) has the ultimate responsibility to its shareholders for the strategy and performance of the Company in general. The Board is dedicated to fulfilling these duties in a lawful and professional manner, and with the utmost integrity and objectivity. As such, the Board actively pursues best practice governance processes.

Good governance policies and processes are critical for ensuring that the Company is governed in the best interests of the Company as a whole. With this point in mind, the Board has decided to articulate and formalise the corporate governance framework within which the Company operates.

This document outlines the Company's corporate governance policy in the form of a Board Charter, which is a written policy document that defines the respective roles, responsibilities and authorities of the Board, both individually and collectively, and of management in setting the direction, management and the control of the organisation. As such, it establishes the guidelines within which the Directors and Officers are to operate as they carry out their respective roles. It does not in any way constitute legal advice or act as a substitute for legal advice.

The Board is cognisant of the Company's current size, nature and scale of activities and that it currently may not comply with all of the Corporate Governance Principles and Recommendations (4th Edition) published by the ASX Corporate Governance Council. However, the Company will state in its Annual Report its current position on these matters and a regular review will be undertaken to assess the applicability of the current procedures.

The purpose of this Board Charter is to document the policies upon which the Board has decided to meet its legal and other responsibilities.

The Company's Board Charter has four major sections:

- (a) Part A – Defining Governance Roles;
- (b) Part B – Board Processes;
- (c) Part C – Key Board Functions; and
- (d) Part D – Continuing Improvement.

While it is acknowledged that good governance is an important component of a successful company, it is also recognised that it is contingent upon the context in which it is practiced. Therefore, corporate governance needs to be a dynamic process. This Charter will need to be regularly reviewed and updated to reflect changes in the legal framework within which the Company operates, and amendments and developments in Board policies and procedures. It is the responsibility of the Company Secretary to ensure that the Board is consulted regarding any changes and updates, that the Charter is kept current and is reviewed and amended on a yearly basis, and that all Board members are provided with the latest versions of the Charter.

The Company recognises the overriding importance of its legal obligations which arise from various sources. Accordingly, nothing in this Charter must conflict with the Company's Articles of Association (**Articles**), the Corporations Act or the ASX Listing Rules. If such a conflict occurs, the Articles, Corporations Act and the ASX Listing Rules shall prevail.

Any reference to gender in this Charter should be interpreted as applicable to both males and females.

Part A - Defining Governance Roles

1. The role of the Board

- 1.1 The Board is ultimately responsible for all matters relating to the running of the Company.
- 1.2 The Board's role is to govern the Company rather than to manage it. In governing the Company, the Directors must act in the best interests of the Company as a whole. It is the role of senior management to manage the Company in accordance with the direction and delegations of the Board and the responsibility of the Board to oversee the activities of management in carrying out these delegated duties. Thus, except when dealing with specific management delegations of individual Directors (particularly Executive Directors), it is misleading to refer to the management function of the Board.
- 1.3 The Board has the final responsibility for the successful operations of the Company. In general, it is responsible for, and has the authority to determine, all matters relating to the policies, practices, management and operations of the Company. It is required to do all things that may be necessary to be done in order to carry out the objectives of the Company. In carrying out its governance role, the main task of the Board is to drive the performance of the Company. The Board must also ensure that the Company complies with all of its contractual, statutory and any other legal obligations, including the requirements of any regulatory body.
- 1.4 Without intending to limit this general role of the Board, the principal functions and responsibilities of the Board include the following:
- (a) providing leadership to the Company by:
 - (i) defining the Company's purpose;
 - (ii) approving the Company's Code of Conduct to underpin the desired culture within the Company; and
 - (iii) always acting in a manner consistent with the Company's culture and Code of Conduct;
 - (b) overseeing the development and implementation of an appropriate strategy, the instilling of the Company's values and performance by:
 - (i) working with the senior management team to ensure that an appropriate strategic direction and array of goals are in place;
 - (ii) regularly reviewing and amending or updating the Company's strategic direction and goals;
 - (iii) ensuring that an appropriate set of internal controls are implemented and reviewed regularly;

- (iv) ensuring an appropriate framework exists for relevant information to be reported by the management to the Board;
 - (v) when required, overseeing planning activities including the development and approval of strategic plans, annual plans, annual corporate budgets and long-term budgets including operating budgets, capital expenditure budgets and cash flow budgets; and
 - (vi) reviewing the progress and performance of the Company in meeting these plans and corporate objectives, including reporting the outcome of such reviews on at least an annual basis;
- (c) overseeing the control and accountability systems that ensure the Company is progressing towards the goals set by the Board and in line with the Company's purpose, the agreed corporate strategy, legislative requirements and community expectations;
- (d) ensuring corporate accountability to the shareholders primarily through adopting an effective shareholder communications strategy, encouraging effective participation at general meetings and, through the Chair, being the key interface between the Company and its shareholders;
- (e) ensuring the integrity of the Company's accounting systems including the external audit;
- (f) ensuring robust and effective risk management (for both financial and non-financial risks), compliance, continuous disclosure and control systems (including legal compliance) are in place and operating effectively;
- (g) appointing, and where necessary removing and/or replacing, the Chair;
- (h) being responsible for the Company's senior management and personnel including:
- (i) directly managing the performance of the Chief Executive Officer (**CEO**) including:
 - (A) appointing and remunerating the CEO;
 - (B) providing advice and counsel to the CEO including formal reviews and feedback on his or her performance; and
 - (C) overseeing the development or removal of the CEO, where necessary;
 - (ii) ratifying the appointment, the terms and conditions of the appointment and, where appropriate, removal of the Chief Financial Officer (**CFO**) and/or Company Secretary and other senior executives;
 - (iii) ensuring appropriate checks are undertaken prior to the appointment of directors and senior executives;

- (iv) ensuring that an appropriate succession plan for the CEO, CFO and Company Secretary is in place; and
 - (v) when required, ensuring appropriate human resource systems (including OH&S systems) are in place to ensure the well-being and effective contribution of all employees;
 - (i) ensuring that the Company's remuneration and nomination policies are aligned with the entity's purpose, values, strategic objectives and risk appetite.
 - (j) delegating appropriate powers to the CEO, management and committees to ensure the effective day-to-day management of the business and monitoring the exercise of these powers;
 - (k) ensuring Directors receive briefings on material developments in laws, regulations and accounting standards relevant to the Company;
 - (l) where required, challenging management and holding it to account; and
 - (m) making all decisions outside the scope of these delegated powers.
- 1.5 The detail of some Board functions will be handled through Board Committees as and when the size and scale of operations requires such committees. However, the Board as a whole is responsible for determining the extent of powers residing in each Committee and is ultimately responsible for accepting, modifying or rejecting Committee recommendations.

2. Board structure

2.1 Number of Directors

- (a) The Board has determined that, consistent with the size of the Company and its activities, the Board shall be comprised of a minimum of three (3) Directors, at least one of whom shall be non-executive.
- (b) The Board's policy is that the majority of Directors shall be independent, non-executive Directors at a time when the size of the Company and its activities warrants such a structure. This will ensure that all Board discussions or decisions have the benefit of outside views and experience, and that the majority of Directors will be free of any interests or influences that could, or could reasonably be perceived to, materially interfere with the Director's ability to act in the best interests of the Company.
- (c) The Board has adopted the definition of independence set out in the ASX Corporate Governance Council Corporate Governance Principles and Recommendations (4th Edition) as set out in Annexure A.
- (d) The independence of the Company's Non-Executive Directors will be assessed on an ongoing basis.

- (e) In the opinion of the Board, all Directors should bring specific skills and experience that add value to the Company.
- (f) When considering the potential reappointment of an existing director, the Board will take into account its skills matrix which sets out the mix of skills and diversity that the Board currently has or is looking to achieve in its membership.
- (g) When considering vacancies, the Board will take into account a candidate's capacity to enhance the skills matrix and experience of the Board.

2.2 Appointment of Directors

The Company may, by ordinary resolution, increase or decrease the number of Directors and may also determine in what rotation the increased or decreased number is to go out of office and otherwise in accordance with the Articles. The Company will undertake appropriate checks before appointing a person and provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a Director.

2.3 Skills required on the Board

The Board will review capabilities, technical skills and personal attributes of its directors. It will normally review the Board's composition against those attributes and recommend any changes in Board composition that may be required. An essential component of this will be the time availability of Directors.

2.4 Written agreement

The Company shall have a written agreement with each Director and senior executive setting out the terms of their appointment. The agreement should be with the Director or senior executive personally unless the Company is engaging a bona fide professional services firm.

The written agreement should include:

- (a) the requirement to disclose director's interests and any matters which could affect the director's independence;
- (b) the requirement to comply with the Company's corporate governance policies and charters;
- (c) the requirement to notify the Company of or seek the Company's approval before accepting, any new role that could impact upon the time commitment expected of the Director or give rise to a conflict of interests;
- (d) the Company's policy around independent professional advice;
- (e) indemnity and insurance arrangements;
- (f) rights of access to corporate information; and

- (g) ongoing confidentiality obligations.

2.5 Duration of appointment

In the interest of ensuring a continual supply of new talent to the Board, non- executive Directors will serve for a maximum of 10 years unless there are exceptional circumstances. The exception to this policy is that a Director who is serving as Chair at the conclusion of the usual maximum term may serve an additional term in that role. If a Director has served in their position for more than 10 years, the Board will regularly assess if their independence may have been compromised.

2.6 Vacation of office

Subject to clause 2.5, it is envisaged that Directors shall remain on the Board until required to vacate the office by law or as detailed in the Articles.

3. The role of individual Directors

As members of the peak decision-making body in the Company, Directors share ultimate responsibility for the Company's overall success. Therefore, Directors have an individual responsibility to ensure that the Board is undertaking its responsibilities. Directors need to ensure that the Board is providing:

- (a) leadership to the Company, particularly in the areas of ethics and culture;
- (b) a clear and appropriate strategic direction;
- (c) upholding the Company's values;
- (d) accountability to key stakeholders, particularly shareholders;
- (e) oversight of policies;
- (f) oversight of all control and accountability systems including all financial operations and solvency, risk management, monitoring conduct that is inconsistent with the Company's code of conduct and compliance with material legal and regulatory requirements;
- (g) an effective senior management team and appropriate personnel policies as and when required; and
- (h) timely and effective decisions on matters reserved to it.

3.2 Directors' code of conduct

In accordance with legal requirements and agreed ethical standards, Directors and key executives of the Company:

- (a) will act honestly, in good faith and in the best interests of the whole Company;

- (b) owe a fiduciary duty to the Company as a whole;
- (c) have a duty to use due care and diligence in fulfilling the functions of office and exercising the powers attached to that office;
- (d) will undertake diligent analysis of all proposals placed before the Board;

- (h) will not make improper use of information acquired as Directors and key executives;

- (j) will keep confidential, information received in the course of the exercise of their duties and such information remains the property of the Company from which it was obtained and it is improper to disclose it, or allow it to be disclosed, unless that disclosure has been authorised by the person from whom the information is provided, or is required by law;
- (k) will not take improper advantage of the position of Director² or use the position for personal gain or to compete with the Company;
- (l) will not take advantage of Company property or use such property for personal gain or to compete with the Company;
- (m) will protect and ensure the efficient use of the Company's assets for legitimate business purposes;¹
- (n) will not allow personal interests, or the interest of any associated person, to conflict with the interests of the Company;
- (o) have an obligation to be independent in judgment and actions and directors will take all reasonable steps to be satisfied as to the soundness of all decisions of the Board;
- (p) will make reasonable enquiries to ensure that the Company is operating efficiently, effectively and legally, towards achieving its goals;
- (q) will not engage in conduct likely to bring discredit upon the Company;²
- (r) will encourage fair dealing by all employees with the Company's customers, suppliers, competitors and other employees as and when those dealings occur;¹

- (s) will encourage the reporting of unlawful/unethical behaviour and actively promote ethical behaviour and protection for those who report violations in good faith;¹
- (t) will give their specific expertise generously to the Company; and
- (u) have an obligation, at all times, to comply with the spirit, as well as the letter of the law and with the principles of this Charter.²

¹ From the ASX Corporate Governance Council's Corporate Governance Principles.

² From the AICD Code of Conduct.

3.3 Expectations of Directors in Board process

- (a) Since the Board needs to work together as a group, Directors need to establish a set of standards for Board meetings. At the Company, it is expected that Directors shall, in good faith, behave in a manner that is consistent with generally accepted procedures for the conduct of meetings at all meetings of the Board. This will include, but not be limited to:
 - (i) behaving in a manner consistent with the letter and spirit of the Code of Conduct;
 - (ii) acting in a businesslike manner;
 - (iii) acting in accordance with the Articles and Board policies;
 - (iv) addressing issues in a confident, firm and friendly manner;
 - (v) preparing thoroughly for each Board or Committee event;
 - (vi) using judgment, common sense and tact when discussing issues;
 - (vii) minimising irrelevant conversation and remarks;
 - (viii) ensuring that others are given a reasonable opportunity to put forward their views;
 - (ix) refraining from interruption or interjection when a speaker has the floor; and
 - (x) being particularly sensitive in interpreting any request or direction from the Chair that aims to ensure the orderly and good-spirited conduct of the meeting.
- (b) Directors are expected to be forthright in Board meetings and have a duty to question, request information, raise any issue, and fully canvas all aspects of any issue confronting the Company, and cast their vote on any resolution according to their own judgment.

- (c) Outside the boardroom, however, Directors will support the letter and spirit of Board decisions in discussions with all stakeholders including any shareholders, special interest groups, customers, staff, suppliers and any other parties.
- (d) Directors will keep confidential all Board discussions and deliberations. Similarly, all confidential information received by a Director in the course of the exercise of the Director's duties remains the property of the Company and is not to be discussed outside the boardroom. It is improper to disclose it, or allow it to be disclosed, unless that disclosure is required by law and in any event should not be disclosed without appropriate authorisation.

3.4 Conflict of interest and related party transactions

- (a) Conflicts of interest
 - (i) Directors must disclose to the Board actual or potential conflicts that may or might reasonably be thought to exist between the interests of the Director and the interests of the Company. On appointment, Directors will have an opportunity to declare any such interests.
 - (ii) Directors should update this disclosure by notifying the Company Secretary in writing as soon as they become aware of any conflicts. Directors are also expected to indicate to the Chair any actual or potential conflict of interest situation as soon as it arises.
 - (iii) The Board can request a Director to take reasonable steps to remove the conflict of interest. If a Director cannot or is unwilling to remove a conflict of interest then the Director must absent himself or herself from the room when discussion and voting occur on matters to which the conflict relates. The entry and exit of the Director concerned will be minuted by the Company Secretary. Directors do not have to give notice of a conflict or absent themselves in accordance with section 191(2) or section 195 of the Corporations Act, including, without limitation when either:
 - (A) conflict of interest relates to an interest common to all Company members/shareholders; or
 - (B) the Board passes a resolution that:
 - (1) identifies the Director, the nature and extent of the Director's interest; and
 - (2) clearly states that the other Directors are satisfied that the interest should not disqualify the Director concerned from discussion and/or voting on the matter.
- (b) Related party transactions
 - (i) Related party transactions include any financial transaction between a Director or officer and the Company and will be reported in half yearly and annual reports.

- (ii) In general, the Corporations Act requires related party transactions to be approved by the shareholders; the Board cannot, except in certain limited circumstances, approve these transactions. Examples of exemptions to this requirement occur where the financial benefit is given on arm's length terms, or is considered to be reasonable remuneration to an officer or employee.
- (iii) The Board has also resolved that where applications are made by a related party to a Director or officer of the Company then the Director or officer shall exclude himself/herself from the approval process.
- (iv) "Related party" for this process has the meaning given to that term in section 228 of the Corporations Act and includes:
 - (A) a spouse or de facto spouse of the Director or officer;
 - (B) a parent, son or daughter of the Director or officer or their spouse or de facto spouse; or
 - (C) an entity over which the Director or officer or a related party defined in paragraph (A) or (B) has a controlling interest.

3.5 **Emergency contact procedures**

As there is the occasional need for urgent decisions, Directors should leave with the Company Secretary any contact details, either for themselves or for a person who knows their location, so that all Directors can be contacted within 24 hours in cases of a written resolution or other business.

4. **The role of the Chair**

To the extent possible, the Chair of the Board is to be an independent Director and is not to be the same person as the Managing Director.

The Chair's role is a key one within the Company. The Chair is considered the "lead" Director and utilises his/her experience, skills and leadership abilities to facilitate the governance processes.

There are two main aspects to the Chair's role. They are the Chair's role within the boardroom and the Chair's role outside the boardroom.

- 6.3 The CEO's primary objective is to ensure the ongoing success of the Company through being responsible for all aspects of the management and development of the Company. The CEO is of critical importance to the Company in guiding the Company to develop new and imaginative ways of winning and conducting business. The CEO must have the industry knowledge and credibility to fulfil the requirements of the role.
- 6.4 The CEO will, as and when the size, nature and scale of the Company's activities requires it, manage a team of executives responsible for all functions contributing to the success of the Company.

Part B - Board processes

1. Board meetings

1.1 Board meetings are a fundamental component of governance processes. Each Board meeting is critical, as it is the main opportunity for directors to:

- (a) obtain and exchange information with the senior management team;
- (b) obtain and exchange information with each other; and
- (c) make decisions.

1.2 The Board meeting agenda is equally as important because it shapes the information flow and subsequent discussion.

1.3 Meeting frequency

Given the size of the Company and the scale of its activities the Board will meet approximately 10 times per year but not less than six times per year and, unless otherwise agreed, Committees will generally meet on a quarterly basis. Where Board and Committee meetings are scheduled for the same month, where possible, Committee meetings will precede the Board meeting by at least one week to allow the circulation of the minutes of the Committee meeting prior to the Board meeting.

1.4 Meeting time and location

The Board usually meets at the offices of the Company in either Australia or Canada. The commencement time will vary depending on the agenda of each individual meeting, the availability of key participants and the location in which the meeting is taking place.

1.5 Meeting language

If a Director does not speak the language in which the Board meeting is proposed to be held in and key documents written, processes will be adopted to ensure that the Director understands and can contribute to discussions at those meetings and understand and discharge their obligations in relation to those documents.

1.6 Meeting cycle

When the size of the Company and the scale of its activities warrants it, and to assist the smooth running of Board processes, the Board will adopt an indicative monthly cycle as follows. The indicative cycle gives Board members seven days to review the agenda and Board papers to save valuable time at meetings by being prepared for discussions and allowing them to seek clarification or further information in advance on ambiguous items.

Under normal circumstances and when warranted, Board meetings shall follow the following monthly cycle:

Item	Day
Draft agenda prepared by the Company Secretary	-7
Company Secretary updates actions arising from the previous meeting	-7
Company Secretary reviews the proposed agenda with the Chair	-7
Board papers and agenda are finalised	-3
Board papers are printed	-3
All Board papers are circulated to Board meeting attendees	-3
Board meeting	0
Draft minutes sent to Chair	3-5
Draft minutes sent to Directors	6-10

All days indicated are calculated in relation to the Board meeting day (day zero).

Please note that this is an indicative cycle only. The actual timing of events in the lead up to and follow up from Board meetings will be dependent upon the circumstances surrounding each individual meeting.

1.7 Conduct of meeting

The Chair will determine the degree of formality required at each meeting while maintaining the decorum of such meetings. As such the Chair will:

- (a) ensure that all members are heard;
- (b) retain sufficient control to ensure that the authority of the Chair is recognised. This may require a degree of formality to be introduced if this is necessary to advance the discussion;

- (c) take care that the decisions are properly understood and well recorded; and
- (d) ensure that the decisions and debate are completed with a formal resolution recording the conclusions reached.

1.8 Quorum and voting at meetings

In order for a decision of the Board to be valid a quorum of Directors must be present. A quorum will be two Directors present, at least one of whom must be an independent Director, in person or by instantaneous communication device or as otherwise stipulated in the Articles. Questions arising at Board meetings are to be decided by a majority vote of Directors who are present and entitled to vote.

1.9 Emergency decision making

A resolution in writing signed by all Directors shall be as valid and effectual as if it had been passed at a meeting of Directors duly convened and held and otherwise in accordance with the Company's Articles.

2. Board meeting agenda

2.1 Agenda content

An agenda will be prepared for each Board and Committee meeting.

2.2 Agenda preparation

The Company Secretary, in consultation with the Chair and the CEO is responsible for preparing an agenda for each Board meeting. However, any Director may request items to be added to the agenda for upcoming meetings.

3. Board papers

3.1 Preparation and circulation of Board papers

The Company Secretary together with the CEO is responsible for the preparation and circulation of Board papers should they be required. The Board papers if so required will be circulated to Directors prior to the Board meeting. If a Board paper relates to a matter in which there is a known conflict of interest with a particular Director then the relevant Board paper will be removed by the Company Secretary on the instructions of the Chair, from the set of Board papers sent to that Director. In the case of the Chair having a conflict of interest, the Board will appoint another Director to make final decisions on the forwarding of Board papers to the Chair.

3.2 Retention of Board papers

The Company Secretary maintains a complete set of Board papers at the Company's headquarters. However, individual Directors may retain their own Board papers in a secure location.

4. Board minutes

Minutes are to be a concise summary of the matters discussed at a Board Meeting. Minutes will contain a brief reference to relevant Board papers tabled plus any official resolutions adopted by Directors. All decisions will be recorded in the minutes by means of a formal resolution.

5. Board calendar

In order to provide an even distribution of work over each financial year, the Board will adopt a twelve-month Board Calendar. Included will be all scheduled Board and Committee meetings as well as major corporate and Board activities to be carried out in particular months. Once initiated it will be updated and approved prior to the start of each financial year.

6. Committees

When the size of the Company and the scale of its activities warrant it the Board will institute the following committees:

- (a) Audit and Risk Committee; and
- (b) Remuneration and Nomination Committee.

PART C – KEY BOARD FUNCTIONS

1. The Board and strategy

The Board will approve a formal strategic planning process that articulates the respective roles and levels of involvement of the Board, senior management and other employees and will review the strategic plan for the Company on a regular basis.

2. Contacts and advisory role

2.1 CEO Advisory role

It is recognised that a key directorial duty is providing a sounding board for CEO ideas and challenges. Recognising that the CEO -Board relationship is critical to effective corporate governance, Directors should provide frank and honest advice to the CEO. It is expected that the Chair will play a key part of this role and will maintain regular contact with the CEO.

All advice should be constructive in nature and provided in a positive manner. Where appropriate, Directors should recommend possible alternative advisers if they do not feel adequately trained to assist.

2.2 Protocol for interaction with internal and external parties

(a) Media contact and comment

The Board has designated the CEO or the Chair (where appropriate) to speak to the press on matters associated with the Company. In speaking to the press, the CEO or the Chair will not comment on price sensitive information that has not already been disclosed to a relevant authority, however, they may clarify previously released information. To assist in safeguarding against the inadvertent disclosure of price sensitive information the CEO and the Chair will be informed of what the Company has previously disclosed to the market on any issue prior to briefing anyone outside the Company.

Subject to the policies of the Board and any committee that the Board may appoint from time to time, the Chair is authorised to comment on:

- (i) annual and half yearly results at the time of the release of the annual or half yearly report;
- (ii) resolutions to be put to General Meetings of the Company;
- (iii) changes in Directors, any matter related to the composition of the Board or Board processes;
- (iv) any speculation concerning Board meetings or the outcomes of Board meetings; and
- (v) other matters specifically related to shareholders.

Subject to the policies of the Board and any committee that the Board may appoint from time to time, the CEO is authorised to comment on:

- (i) the Company's future outlook;
- (ii) any operational matter;

- (iii) media queries concerning operational issues which reflect either positively or negatively on the Company;
- (iv) proposed or actual legal actions; and
- (v) queries and general discussion concerning the Company's industry.

See the Code of Conduct for further information relating to conduct of Employees and the Continuous Disclosure and Communications Policy for further information relating to communications to external parties.

- (b) External communications including analyst briefings and responses to Shareholder questions

The Company discloses its financial and operational results to the market each year/half year/quarter as well as informing the market of other events throughout the year as they occur. Annual, half yearly and quarterly financial reports, media releases and AGM speeches are all lodged with the appropriate authority. As all financial information is disclosed, the Company will only comment on factual errors in information and underlying assumptions when commenting on market analysts' financial projections, rather than commenting on the projections themselves.

In addition to the above disclosures, the Company does conduct briefings and discussions with analysts and institutional investors. However, price sensitive information will not be discussed unless that particular information has been previously formally disclosed to the market via an announcement. Slides and presentations used in briefings will also be released immediately prior to the briefing to the market.

After the conclusion of each briefing or discussion if any price sensitive information was disclosed it will be announced immediately to the market.

2.3 Hospitality and gifts

While the Company recognises the need from time to time to give or accept customary business courtesies in accordance with ethical business practices, Directors and officers will not solicit such courtesies and will not accept gifts, services, benefits or hospitality that might influence, or appear to influence, the Directors' and officers' conduct in representing the Company.

Refer to the Company's Anti-Bribery and Anti-Corruption Policy for further information.

3. Monitoring

Another essential function of the Board is to monitor the performance of the organisation in implementing its strategy and overall operational performance.

4. Risk and compliance management

The Board is charged with overseeing, reviewing and ensuring the integrity and effectiveness of the Company's risk and compliance systems. The Board has an external independent auditor who is responsible for verifying the Company's compliance systems and reporting to the Board on those systems.

Since risk management is a complex and critical component of the Company's governance, the Board has established an Audit and Risk Committee to oversee and guide the detail of this topic. The CEO will be charged with implementing appropriate risk systems within the Company. Aspects of this process may be delegated. Refer to the Audit and Risk Management Committee Charter.

The risk management system will be based on Standard ISO 31000:2018.

Risk management is considered a key governance and management process. It is not an exercise merely to ensure regulatory compliance. Therefore, the primary objectives of the risk management system at the Company will be to ensure:

- (a) all major sources of potential opportunity for and harm to the Company (both existing and potential) are identified, analysed and treated appropriately;
- (b) business decisions throughout the Company appropriately balance the risk and reward trade off;
- (c) regulatory compliance and integrity in reporting is achieved; and
- (d) Senior Management, the Board and investors understand the risk profile of the Company.

In line with these objectives, the risk management system will cover:

- (e) operations risk;
- (f) financial reporting; and
- (g) compliance.

The Audit and Risk Committee reviews all major strategies and purchases for their impact on the risk facing the Company, and makes appropriate recommendations to the Board. The Company reviews annually its operations to update its risk profile. This occurs in conjunction with the strategic planning process.

The Audit and Risk Committee will create a quarterly report on those areas of risk identified. In addition, as specified by Recommendation 4.2 of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (4th Edition), the CEO and CFO provide a written declaration of assurance that their opinion, that the financial records of the Company for any financial period have been properly maintained, comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Company, has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

The Company produces a number of periodic reports, including its Annual Report, Half-year financial report and quarterly activity and cash flow reports. The Company has in place processes to review and confirm the accuracy and reasonableness of the disclosures contained in these reports at both management and Board level, including where a corporate report of this type is not subject to audit or review by an external auditor. Management prepares the disclosures in these reports whereby subject matter experts and the relevant executives review and approve the disclosures which are then reviewed by the Company's CEO and approved by the Board. In the event further legal or financial review is required, the proposed disclosure is run past the Company's advisors, lawyers or auditors (as appropriate) for review.

5. Delegation of authority

Directors are responsible for any delegations of their responsibilities with regard to corporate operations. As such, they decide as a Board what Company matters are delegated to either specific Directors or management. In addition, they outline what controls are in place to oversee the operation of these delegated powers.

As a consequence, individual Directors have no individual authority to participate in the day-to-day management of the Company including making any representations or agreements with member companies, suppliers, customers, employees or other parties or organisations.

The exception to this principle occurs where the Board explicitly delegates an authority to the Director individually. Additionally, it is recognised that all Executive Directors will carry significant delegated authority by virtue of their management position.

Similarly, Committees and their members require specific delegations from the Board as a whole and these will be contained in each Committee's respective Terms of Reference.

5.1 General delegations

In general, the Board delegates all powers and authorities required to effectively and efficiently carry out the Company's business. Listed below are the exceptions to these delegations, whereby the Board or appropriate Committee reserves the powers as indicated.

5.2 Decisions requiring Board approval

In addition to those decisions requiring approval pursuant to the respective Committee Charters (if any), the following decisions must be referred to the Board for approval:

- (a) Directors acquiring or selling shares of the Company;
- (b) issuing shares of the Company;
- (c) acquiring, selling or otherwise disposing of property in excess of the amount set out in the Company's approval matrix;

- (d) founding, acquiring or selling subsidiaries of or any company within the Company, participating in other companies or dissolving or selling the Company's participation in other companies (including project joint ventures);
- (e) acquiring or selling patent rights, rights in registered trademarks, licences or other intellectual property rights of the Company;
- (f) founding, dissolving or relocating branch offices or other offices, plants and facilities;
- (g) starting new business activities, terminating existing business activities or initiating major changes to the field of the Company's business activities;
- (h) approving and/or altering the annual business plan (including financial planning) for the Company or any part of the Company;
- (i) taking or granting loans which exceed the amount set out in the Company's approval matrix (including, without limitation, the placing of credit orders, issuing of promissory notes or loans against IOUs);
- (j) granting securities of any type;
- (k) granting loans to Company officers or employees and taking over guarantees for the Company's officers and employees;
- (l) entering into agreements for recurring, voluntary, or additional social benefits, superannuation agreements or agreements for general wage and salary increases;
- (m) determining the total amount of bonuses and gratuities for Company officers and employees;
- (n) determining the appointment, termination, prolongation of employment or amendment to conditions of employment of members of the Board of Directors; and
- (o) granting or revoking a power of attorney or limited authority to sign and/or act on behalf of the Company.

PART D – CONTINUING IMPROVEMENT

1. Director protection

1.1 Information seeking protocol

Directors will adhere to the following protocol when seeking information:

- (a) approach the CEO to request the required data;
- (b) if the data is not forthcoming, approach the Chair; and
- (c) if the information is still not forthcoming, write a letter to all Board detailing the information that is required, purpose of the information, and who the Director intends to approach in order to obtain the information.

1.2 Access to professional advice

A Director of the Company is expected to exercise considered and independent judgment on the matters before them. To discharge this expectation a Director may, from time to time, need to seek independent, expert opinion on matters before them. All Directors have the individual authority to commit the company to up to A\$5,000 per annum in professional advice.

Prior to seeking professional advice a director shall inform the Chair about the nature of the opinion or information sought, the reason for the advice, the terms of reference for the advice and the estimated cost of the advice. Where more than one Director is seeking advice about a single issue, the Chair shall endeavour to coordinate the provision of the advice.

If the cost of professional advice is likely to exceed A\$5,000, the Director shall seek authority from the Chair prior to engaging an external expert. The Chair has delegated authority to authorise expenditures up to A\$10,000. If the Chair withholds authorisation, the Director has the right to seek authority from the Board at the next Board meeting. If the cost of professional advice is likely to exceed A\$10,000, then the Board's approval for the engagement of an external expert is required.

Advice so received should be received on behalf of the Board as a whole.

1.3 Access to Board papers

The Directors have the right to access board papers as granted by the Corporations Act. Such access shall be provided on a timely basis.

1.4 Insurance

The Company currently holds Directors' and Officers' Insurance Policies. The Company will ensure that all new Directors and Officers are included on the Company's insurance

policies. The Company will also review the D&O Insurance Policies on at least an annual basis to ensure that they are sufficient.

2. Board and Senior Executive evaluation

2.1 Evaluation process

The Board considers the evaluation of its own and senior executive performance as fundamental to establishing a culture of performance and accountability.

2.2 Board and Director evaluations

The Board considers the ongoing development and improvement of its own performance as a critical input to effective governance. As a result, the Board will undertake an evaluation of Board and Director performance.

The review will be based on a number of goals for the Board and individual Directors that will be established. The goals are based on corporate requirements and any areas for improvement that may be identified. The Board will consider the outcome of such reviews in a dedicated meeting and develop a series of actions and goals to guide improvement. The Chair will provide each Director with confidential feedback on his or her performance. This feedback is used to develop a development plan for each Director. The Board does not endorse the reappointment of a Director who is not satisfactorily performing the role.

The Remuneration and Nomination Committee will arrange for a performance evaluation of the Board, its Committees and individual Directors to be conducted on an annual basis.

2.3 Board Committee evaluations

The Board will set a number of expectations for its Committees. These expectations are to be derived after considering the results of previous reviews if any, an assessment of the Company's current and future needs, and a review of each Committee's Charter or purpose. As a result of a review, the Board may amend or revoke a Committee's Charter.

The Nomination and Remuneration Committee will review the performance of the Committees against expectations. Based upon the review, individuals and groups will be provided with feedback on their performance. The results of the review will be a key input into the expectations set by the Board.

2.4 Senior Executive evaluations

All senior executives at the Company will be subject to an annual performance evaluation by the Nomination and Remuneration Committee. Each year, senior executives (including the CEO) will establish a set of performance targets. These targets are aligned to overall business goals and the Company's requirements of the

position. In the case of the CEO, these targets are negotiated between the CEO and the Board and signed off by the whole Board.

An informal assessment of progress is carried out throughout the year. A full evaluation of the executive's performance against the agreed targets takes place annually. This will normally occur in conjunction with goal setting for the coming year. Since the Company is committed to continuous improvement and the development of its people, the results of the evaluation form the basis of the executive's development plan. Performance pay components of executives' packages are dependent on the outcome of the evaluation.

3. Executive Director remuneration

3.1 Composition

Remuneration packages for Executive Directors and other senior executives include an appropriate balance of fixed remuneration and performance-based remuneration.

3.2 Fixed remuneration

Fixed remuneration is reasonable and fair, taking into account the Company's obligations at law and labour market conditions, and is relative to the scale of the Company's business. It reflects core performance requirements and expectations.

3.3 Performance-based remuneration

Performance-based remuneration should be linked to clearly specified performance targets. These targets should be aligned to the Company's short, medium and long-term performance objectives and should be appropriate to its circumstances, goals and risk appetite. This target should also be consistent with the Company's values. Discretion will be retained where appropriate to prevent performance based remuneration rewarding conduct that is contrary to the entity's value or risk appetite.

3.4 Equity-based remuneration

The Company strives to have a well-designed equity-based remuneration, including options or performance rights, which can be an effective form of remuneration, especially when linked to hurdles that are aligned to the Company's longer-term performance objectives. The Company takes care in the design of equity-based remuneration schemes to ensure that they do not lead to "short-termism" on the part of senior executives or the taking of undue risks.

3.5 Termination and other benefits

Termination payments, if any, for senior executives are agreed in advance and the agreement clearly addresses what will happen in the case of early termination. There is no payment for removal for misconduct.

4. Non-Executive Director remuneration

4.1 Composition

Non-Executive Directors are remunerated by way of cash fees, superannuation contributions and non-cash benefits in lieu of fees (such as salary sacrifice into superannuation or equity).

4.2 Fixed remuneration

Levels of fixed remuneration for Non-Executive Directors reflect the time commitment and responsibilities of the role.

Non-Executive Directors are paid their fees out of the maximum aggregate amount approved by shareholders for the remuneration of Non-Executive Directors. The sum each Non-Executive Director is paid is determined by the Board from time to time. Additional fees can be paid for participation on Board Committees; however, the total fees paid to Non-Executive Directors, including fees paid for participation on Board Committees, are kept within the total amount approved by shareholders.

4.3 Performance-based bonus

Non-Executive Directors do not receive performance-based remuneration as it may lead to bias in their decision-making and compromise their objectivity except where the Board has determined it is reasonable for the Non-Executive Directors to receive such securities taking into account the current size, nature and scale of activities of the Company. Where Non-Executive Directors receive performance-based remuneration they must ensure that it does not lead to bias in their decision-making and compromise their objectivity.

The Company's Non-Executive Directors do not receive performance-based bonuses.

4.4 Equity-based remuneration

It is generally acceptable for Non-Executive Directors to receive securities as part of their remuneration to align their interests with the interests of other security holders. However, Non-Executive Directors generally should not receive options with performance hurdles attached or performance rights as part of their remuneration as it may lead to bias in their decision-making and compromise their objectivity except where the Board has determined it is reasonable for the Non-Executive Directors to receive such securities taking into account the current size, nature and scale of activities of the Company. Where Non-Executives receive options with performance hurdles attached or performance rights as part of their remuneration, they must ensure that it does not lead to bias in their decision-making and compromise their objectivity.

The Company's Non-Executive Directors cannot choose to receive shares in the Company as part of their remuneration instead of receiving cash and may not participate in equity schemes of the Company, such as option schemes, that are designed to encourage enhanced performance of the participant, unless the Board

determines this is reasonable taking into account the current size, nature and scale of the Company.

4.5 **Superannuation benefits**

Non-Executive Directors should not be provided with retirement benefits other than superannuation.

The Company's Non-Executive Directors are entitled to statutory superannuation.

4.6 **Written Agreement**

The Written Agreement with the Non-Executive Director should include:

- (a) the requirement to disclose director's interests and any matters which could affect the director's independence;
- (b) the requirement to comply with the Company's corporate governance policies and charters;
- (c) the requirement to notify the Company of or seek the Company's approval before accepting, any new role that could impact upon the time commitment expected of the Director or give rise to a conflict of interests;
- (d) the company's policy around independent professional advice;
- (e) indemnity and insurance arrangements;
- (f) rights of access to corporate information; and
- (g) ongoing confidentiality obligations.

5. **Director development**

The Company is committed to continuing development of its Directors and executives. In line with this commitment, there is an expectation that all Directors and the CEO will commit to at least 2 days of professional development each year. The Board allocates an annual budget of A\$5,000 per Director to encourage Directors to participate in training and development programs. Any Director wishing to undertake either specific directorial training or personal development courses is expected to approach the Chair for approval of the proposed course. Development may be in both governance and governance processes or in the Company's industry.

The Board will also undertake an annual review in relation to whether there is a need for existing Directors to undertake professional development.

6. Director induction

New directors will undergo an induction process in which they will be given a full briefing on the Company. This will include meeting with key executives, tours of the premises, an induction package and presentations. Information conveyed to the new Director will include:

- (a) details of the roles and responsibilities of a Director with an outline of the qualities required to be a successful Director;
- (b) formal policies on Director appointment as well as conduct and contribution expectations;
- (c) details of all relevant legal requirements;
- (d) access to a copy of the Board Charter and all other Company Corporate Governance Policies;
- (e) guidelines on how the Board processes function;
- (f) details of past, recent and likely future developments relating to the Board including anticipated regulatory changes;
- (g) key accounting matters and outlines of the responsibilities of Directors in relation the Company's financial statements;
- (h) background information on and contact information for key people in the organisation including an outline of their roles and capabilities;
- (i) an analysis of the Company including:
 - (i) core competencies of the Company;
 - (ii) an industry background briefing;
 - (iii) a recent competitor analysis;
 - (iv) details of past financial performance;
 - (v) current financial structure; and
 - (vi) any other important operating information;
- (j) a synopsis of the current strategic direction of the Company including a copy of the current strategic plan and annual budget;
- (k) access to a copy of the Articles of the Company; and
- (l) Directors Deed of Indemnity and Right of Access to Documents, if applicable.

Annexure A Definition of Independence

The Board considers the interests, positions and relationships which may raise issues about the independence of a director as set out in Box 2.3 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations (4th Edition)* as follows:

1. is, or has been, employed in an executive capacity by the entity or any of its child entities and there has not been a period of at least three years between ceasing such employment and serving on the board;
2. receives performance-based remuneration (including options or performance rights) from or participates in an employee incentive scheme of the entity;
3. is, or has been within the last three years, in a material business relationship (e.g. as a supplier, professional adviser, consultant or customer) with the entity or any of its child entities, or is an officer of, or otherwise associated with, someone with such a relationship;
4. is, represents, or has been within the last three years an officer or employee of, or professional adviser to, a substantial holder;
5. has close personal ties with any person who falls within any of the categories described above; or
6. has been a director of the entity for such a period that their independence from management and substantial holders may have been compromised.

In each case, the materiality of the interest, position or relationship needs to be assessed by the board to determine whether it might interfere, or might reasonably be seen to interfere, with the director's capacity to bring an independent judgement to bear on issues before the board and to act in the best interest of the entity as a whole rather than in the interests of an individual security holder or other party.

The Board notes that the mere fact that a director has served on a board for a substantial period does not mean that the director has become too close to management or a substantial holder to be considered independent.

Annexure A – Summary of Material Terms of Purchase Agreement

KEY ACQUISITION TERMS

The Company is proposing to acquire a 100% interest in each of Gascoyne Resources (WA) Pty Ltd and Egerton Exploration Pty Ltd from Spartan Resources Limited in accordance with the terms of the SPA for the following consideration:

- a) A\$1 million cash payable to Spartan, with A\$500,000 payable upon completion of the Acquisition (**Completion**) and the remaining A\$500,000 payable to Spartan on the date that is 12 months after Completion;
- b) 33,000,000 fully paid CDIs in the Company (**Consideration CDIs**) to be issued to Spartan at Completion, and subject to voluntary escrow for a period of 12 months from Completion; and
- c) Deferred consideration of up to A\$6 million, to be paid in cash or issued in fully paid CDIs (**Milestone CDIs**) (at the Company's election) to Spartan upon Benz satisfying each of the following milestones:
 - i. A\$2 million, payable upon the first to occur of (i) the Company declaring an inferred, indicated and/or measured Mineral Resource Estimate from the Projects containing 500,000oz Au at a cut-off grade of at least 2.0g/t Au and (ii) production of 500,000oz Au from the Projects.
 - ii. A\$2 million, payable upon the first to occur of (i) the Company declaring an inferred, indicated and/or measured Mineral Resource Estimate from the Projects containing 1,000,000oz Au at a cut-off grade of at least 2.0g/t Au and (ii) production of 1,000,000oz Au from the Projects; and
 - iii. A\$2 million, payable upon the first to occur of (i) the Company declaring an inferred, indicated and/or measured Mineral Resource Estimate from the Projects containing 1,500,000oz Au at a cut-off grade of 2.0g/t Au and (ii) production of 1,500,000oz Au from the Projects, (together, the **Milestone Payments**).

If the Company elects to issue Milestone CDIs to satisfy a Milestone Payment, the number of Shares to be issued will be calculated using a deemed issue price of the higher of the 20-day VWAP of the Company's shares and A\$0.088 per share. If the Company's 20-day VWAP falls below A\$0.088 per share at the time the Milestone Payment is due, the Company may elect to satisfy the Milestone Payment by issuing such number of shares to Spartan (as approved by shareholders at the Company's Annual General Meeting) and the balance of the payment in cash. The Company may only elect to issue Milestone CDIs subject to certain conditions being met, including that any issuance of Milestone CDIs to Spartan will occur before 15 December 2029, following which any Milestone Payment must be paid to Spartan in cash, and the Company having obtained all necessary regulatory and shareholder approvals to issue the relevant Milestone CDIs to Spartan.

TERMS OF CDIs: The Consideration CDIs and any Milestone CDIs will rank equally with existing shares on issue.

SPARTAN INVESTOR RIGHTS: From Completion, subject to Spartan (or its related bodies corporate) holding, in aggregate, at least 10% of the Shares on issue (on an undiluted basis):

- Spartan is entitled to appoint a nominee director to the Board. If Spartan's holding falls below this threshold, or there is a change of control of Spartan, Spartan must procure that its appointed director resigns from the Board; and
- Spartan has a right to participate in future Benz equity raisings.

Spartan expects to nominate Mr Nicholas Jolly as its nominee director from Completion.

CONDITIONS PRECEDENT

Completion of the Acquisition is subject to the satisfaction or waiver of the following conditions precedent.

- a) the Company obtaining confirmation from ASX that ASX Listing Rule 11.1.3 does not apply to the Acquisition;
- b) the Company completing an equity raise (Capital Raising) and demonstrating that it has (or will have) A\$5 million cash in bank immediately after Completion;
- c) the Company and Spartan agreeing, in principle, to a preliminary budget for exploration on the Projects for the 24 months immediately following Completion, which will provide for a minimum of A\$3 million being spent on exploration on the Projects;
- d) the Company obtaining all required regulatory approvals including the requisite final acceptance from the TSXV in respect of the Acquisition and the Capital Raising;
- e) the issuance of the Consideration CDIs are exempt from the prospectus and registration requirements under applicable securities laws; and
- f) Spartan:
 - i. obtaining a deed of release to secure the release of Gascoyne and Egerton from the Tembo Royalty Deed, Tembo Mortgage and Taurus Royalty Deed (and, if applicable, any mining mortgage registered pursuant to the Taurus Royalty Deed, and all conditions precedent in that deed of release having been satisfied or waived;
 - ii. procuring that Egerton, Gascoyne and the relevant counterparties enter into new royalty and security arrangements: (A) with the Tembo parties (or Osisko Gold Royalties (Australia) Pty Ltd (Osisko), as applicable) on substantially the same terms as the Tembo Royalty Deed and the Tembo Mortgage; and (B) with Taurus Mining Royalty Fund LP (Taurus) on substantially the same terms as the Taurus Royalty Deed (and if applicable, any mining mortgage registered pursuant to the Taurus Royalty Deed);
 - iii. procuring that Egerton, Gascoyne and the relevant counterparties enter into a tripartite deed governing the exercise of the respective royalty buy-back rights under the: (A) Tembo Royalty Deed and the new royalty arrangements between Egerton, Gascoyne and Osisko or the Tembo parties (as applicable); and (B) Taurus Royalty Deed and the new royalty arrangements between Egerton, Gascoyne and Taurus, and all conditions precedent in the tripartite deed having been waived, in each case on terms acceptable to Spartan and the Company.

As at the date of this announcement, the conditions precedent contained in paragraphs (a), (c) and (e) have been satisfied. The Company expects to be in a position to satisfy the condition precedent in paragraph (b) following completion of the Placement and the condition precedent in paragraph (d) after its Annual General Meeting which is expected to be held on 17 December 2024.

The conditions precedent must be satisfied or waived by no later than 3 February 2025 or such later period as agreed between the parties.

WARRANTIES: Under the SPA, Spartan has given standard warranties with respect to title, capacity, solvency, compliance with laws and Gascoyne and Egerton's assets. Similarly, Benz has given standard warranties with respect to authority and capacity and compliance with the ASX Listing Rules and the Corporations Act 2001 (Cth).

TERMINATION: The SPA contains standard termination provisions which provide for either party to terminate the agreement prior to Completion. Termination events include where the conditions precedent have not been satisfied or waived by the 3 February 2025; if either Benz, Spartan, Gascoyne or Egerton suffer an insolvency event; if a party fails to perform and comply, in all material respects, with its material obligations under the SPA, or if a 'Material Adverse Change' occurs in respect to either party. A 'Material Adverse Change' includes any event or circumstance which has, or could be reasonably expected to have, a material adverse effect on the business, assets, liabilities, operations, financial or trading position or prospects of the relevant party as a direct result of, among other things, this announcement and/or implementation of the SPA.
